

**WHO PAYS THE HIGHER TAXES, THE BRITISH OR THE CANADIAN?** This question was discussed last week by the authoritative Financial Post, of Toronto. The Post says that on a per capita basis, the Canadian is now paying \$146.58; the Britisher, \$158.42. . . . Take it another way: This year, for war and other purposes, Britain, central and municipal governments, plans to spend 84 per cent of last year's national income. In Canada, all governments (central, provincial, municipal) plan to spend 69 per cent. . . . One should remember, of course, that the increasing speed of war production in both countries can be presumed to raise the 1941 national income so that the percentage expenditures will be slightly lower. In both cases, of course, taxation will fall far short of spending. Britain is apparently planning to borrow nearly 50 per cent of her total expenditures; Canada, about 33 per cent. Canada's total includes war aid to Britain. . . . Bare comparisons between the amounts Canadians and Britishers must pay on income tax tell only part of the story and always make it appear that the Canadians get off lightly. For one thing, the Canadian must pay the costs of an extra set of governments—the provinces. The Canadian has long paid heavier indirect taxes such as sales tax, customs duties, etc. Since the last war, Britain has depended very largely on personal income tax whereas in Canada, until recent years, this tax has been a modest source of government revenue. The income taxes paid in Britain are heavier on the low income tax groups than in Canada, but they are also steeper on the high incomes. To get a net income of 5,000 pounds sterling after taxes, a British taxpayer would require an income of 66,000 pounds sterling. In Canada a net income of \$22,000, roughly equal to 5,000 pounds sterling, could be had by a single person with a gross income of only \$50,000 compared with the Briton's \$290,000. . . . But here the wide differentiation in current tax levels between the Britisher and the Canadian—with the patently heavier burdens borne by the former—ends.

Total revenues in Canada come about 25 per cent from direct levies such as income, corporation taxes and estate duties. In Britain, these levies provide about half the revenues. The balance of the taxes paid by citizens of both countries is, of course, made up of land taxation, fees of one kind and another, sales tax (purchase tax, they call it in Britain), customs duties and contributions to government-owned enterprises such as post office in both countries and liquor stores in Canadian provinces, etc. . . . Here are the **TOTAL GOVERNMENT REVENUES** for the two countries on the basis of latest budget plans. In Canada the central government will collect 1,450 millions of dollars; the provincial governments, \$204, and the municipal governments, \$313, making a total of \$1967 millions. In the United Kingdom the central government will collect \$7,912 millions and the municipal, \$2,281 millions for a total of \$10,193 millions. . . . On a per capita basis (Canada, 11.4 millions; Britain, 46 millions) this works out to the Canadian contribution in all forms of taxation \$172.54; the Britisher, \$221.50. But various adjustments are necessary in this computation. In each country the citizen gets back something tangible in social services. Here the only measurement possible is the money value of these services, though this admittedly is an arbitrary gauge. Generally speaking, the Britisher has fewer contingencies for which he must budget throughout his lifetime than the Canadian. Hence subtract from the above Canadian total \$361 millions, leaving a total of \$1,606 millions; and from the British, \$2,352, leaving a total of \$7,841 millions.

For the Britisher there is a further compensation of **POSTWAR CREDITS**. That is 125 million pounds sterling. These credits mean that half of the income taxes now being demanded are being stored up to be returned to the taxpayer after the war. They range from 100 per cent of the tax now collected in the lower brackets to a maximum of 65 pounds on earned income. There are other rates for investment income. These are being established for the two million new British taxpayers brought into the tax orbit by the lowered exemptions.

Should the provinces of Canada fail to follow through on the recent proposals of Finance Minister Ilsley, another \$65 millions of taxation will be imposed on the Canadian people through income and corporation tax. . . . In effect a new tax, another \$48 millions, will be collected from Canadians through the operations of unemployment insurance. . . . As a "reserve for accuracy" in this computation, no allowance is made in the total for unemployment insurance levy and \$65 millions provincial extra tax is added in. The correct result, eventually, will be somewhat between. This leaves the total net taxation for CANADA \$1,671 MILLIONS OR \$146.58 PER CAPITA; FOR BRITAIN, \$7,287, OR \$158.42 PER CAPITA. . . . A strict comparison of the burden of government—and of war—in the two countries is mathematically impossible. For instance, Britishers get a bigger rebate from their government in the sense that a bigger percentage of them are in government employ, either in the armed forces or otherwise. As a result of the war, probably more than 10 per cent of the British population is now being fed and clad by the government as members of the various armed forces or services. In Canada, the number actually in uniform is reported at around 225,000. Add to this the number by which the civil service and other government offices have been increased and the total directly supported by the government can hardly be more than 3 per cent. To say that three times as large a proportion of government revenues go to support Englishmen as Canadians would probably understate the case.

There is a more difficult factor upsetting positive calculation, the actual purchasing power of the dollar and the pound. Computations in this article have been made at the official rate of 1 pound equals \$4.43 Canadian. But official exchange quotations don't always reflect the true foreign exchange value of a currency. The recent low quotation on sterling in the New York free market was \$2 (U.S.). The Canadian equivalent would be \$2.20 to the pound and at that rate the average Britisher would be paying a little more than half as much as Canadians. While the official quotation on sterling in Canada has varied little since the early months of the war, the internal purchasing power—real value of the pound to Britons—has dropped some 20 per cent. While living costs have advanced from 25 per cent in Britain, the advance in Canada has been a little over 7 per cent. Adjusting the \$4.43 official quotation

# Torch Ceremony Plans Complete

## COUNCIL TURNS DOWN M.O.H. PLEA

Health Officer Says Present Privy System Could Not Be Worse—Seeks Erection Of Two New-Type Experimental Ones

## COUNCIL INDIFFERENT Community's Health Endangered by Present Collection System

The City Council was pressed on Monday evening to take some action to correct the privy situation in this city. Dr. J. M. Hershey, Medical Health Officer, made an appeal for a change in the disposal system here. He urged that one or two pit-type containers be erected and tested. The Council was little interested.

It was Dr. Hershey's second appearance before the Council on this matter. He urged that the present system be changed as an environmental sanitation is most important for the health of the city.

He pointed out that there are some three hundred and fifty privies within the city limits and that there is little hope of some of these households being connected to the sewer for some time. For that reason, he urged a change in the present system.

"No system could be worse than that used now," he stated. He also pointed out that the present system not only polluted the top soil but it also actually encouraged flies to spread disease. The flies which he suggested was a compromise between the present one and the concrete pit system which was most desirable. However, the lined-pit was quite satisfactory and much less costly.

"Under the present system," he said, "the privies might just as well be right out in the alleysways." As there are only three wells in Kelowna, the pit system would not interfere with the water supply. "Some action is absolutely necessary," the Medical Health Officer insisted. "We have no desire to make additional financial burdens for any person but people living within the city have a definite responsibility to protect their fellow citizens from disease and unpleasantness such as bad odors."

The Council answered his plea that at least two experimental privies of this type be erected by passing a resolution that he could have them, providing that they did not cost the city anything.

## AIR FORCE UNIT TO SEEK MEN IN KELOWNA

Mobile Unit Will Be Here on June 3 and 4—Several Classifications Are Open

The mobile recruiting unit of the Royal Canadian Air Force will be in Kelowna on Tuesday and Wednesday, June 3 and 4, at the armory, to receive applications for this arm of the service. F.O.L.H. Eyres will be in charge. Recruits for the positions of pilots, observers and wireless operators are sought. The age limit will be between eighteen and thirty-one, while the others may be between eighteen and thirty-three. Pilots and observers must have a medical category of A1B while the gunners may be A3B.

## Drivers Learn There Is Parking Bylaw By Paying Fine for Lesson As Police Enforce Regulations

After Issuing Over Five Hundred Warnings Police Stop Bluffing and Parking Violators are Fined in Court—Free and Easy Parking System Comes to End in City as Dozen Citizens Pay for Illegal Parking

**DURING** the past ten days local police have cracked down on automobile drivers who are parking contrary to the city parking bylaw which was passed early this year. The result has been that nearly a score of drivers have been summoned to court and fined. This action was taken by the police following the issuance of over five hundred warnings during the past few months and, in addition, many more verbal warnings.

The sudden ceasing of the free and easy parking methods which have been enjoyed in this city for many years came as a decided shock to many motorists who are wiser and poorer today.

The fine for parking contrary to the parking bylaw imposed by Magistrate T. F. McWilliams was \$2.50 without costs. Failure to stop at stop signs has cost the offenders \$5.00 and costs of \$1.75.

On Tuesday, Robert Cheyne pleaded guilty to parking violations and was given the customary fine. Charles Lodge, Kelowna, was given suspended sentence and taxed \$1.75 for driving without brakes. Gordon Batty, Kamloops, failed to stop at a stop sign, and this cost him \$5.00 and costs of \$1.75. A Kelowna juvenile was charged with driving without a driver's licence and was severely reprimanded.

Earlier in the week the following were charged with parking incor-

## Empire Day in Kelowna

9.45 a.m.—Pet Parade in City Park.  
11.00 to 12.00—Track Meet for Children under 14.  
1.00 p.m.—Junior Band plays in City Park until arrival of May Queen.  
Pipe Band falls in at Legion and picks May Queen and Court up at Royal Anne. Girl Guides, Scouts, Sea Cadets, Cubs, Brownies, Queen's attendants and court and civic dignitaries.  
1.30 p.m.—Arrival of May Queen at Park and commencement of crowning ceremony. Folk dances.  
2.20 p.m.—to 3.15 p.m.—Track Meet for students.  
3.15 p.m.—Military Demonstration by unit from Basic Training Camp 110.  
4.15 p.m.—Colorful Retreat Ceremony.  
5.45 p.m.—Gyro banquet for May Queen and Her Court and civic dignitaries.  
7.00 p.m.—Kelowna's largest parade forms at Canadian Legion.  
7.30 p.m.—Torch Pledge Service at Athletic Park.  
9.30 p.m.—Dances at I.O.O.F. Hall and Aquatic Club.

## Torch Ceremony

7.00 p.m.—Parade of civic dignitaries, military units, local organizations, semi-military units, fire brigade, three bands, school children, legions Canadian Legion Hall. Saluting base at Royal Anne Hotel.  
7.30 p.m.—Parade reaches park and service begins. Massed choir will lead in community singing of patriotic songs.  
8.00 p.m.—Torch Dedication by Rev. C. E. Davis. Signing of Scroll by Mayor McKay. Hymn, "Onward, Christian Soldiers." Prayer for Victory by Rev. W. W. McPherson. Torch Day Address (10 minutes), R. L. Maitland, M. L. A., Vancouver.  
8.30 p.m.—God Save The King.

## W. J. LOGIE IS NAMED PRINCIPAL

Succeeds A. A. Chapman as Principal of the Senior High School.

W. J. Logie, well-known member of the Kelowna High School staff for the past fourteen years, was made Principal of the High School last Wednesday evening by the Kelowna Board of School Trustees, replacing A. A. Chapman, who has resigned after many years of faithful service at the helm of the higher educational bracket at the local seats of learning.

Mr. Logie's appointment is on a temporary basis for one year and his salary has been increased in line with those of Principals L. B. Stibbs and F. T. Marriage, of the Junior High and Elementary schools.

For the past month, the school trustees have been considering the appointment of the new principal and have discussed at length the possibility of appointing one principal to supervise the entire High School unit, with the assistance of a vice-principal.

However, the School Board came to the conclusion that the time is not propitious for such a change in policy. Mr. Logie will have charge of the High School unit and Mr. Stibbs the Junior High, although both divisions are housed in the one building.

The trustees spoke feelingly on the resignation of Mr. Chapman, and accepted with regret his departure from the institution well in his twelve years as Principal of the Kelowna High School. Mr. Chapman will be leaving Kelowna at the end of the term to operate his tourist camp which he established last year on the Big Bend highway.

## W. A. C. BENNETT NAMED CONSERVATIVE CANDIDATE

W. A. C. Bennett, hardware merchant of Kelowna, was unanimously named as the conservative standard-bearer in the riding of South Okanagan in the forthcoming provincial election on Wednesday evening. The delegates of the various local associations met in the Royal Anne for the express purpose of choosing a candidate.

While the Liberals have not officially so indicated is probable that Capt. C. R. Bull will again wear their colors. The C.C.F. have as yet not named a candidate, but it is presumed that it will be O. L. Jones.

## Aquatic Regatta To Be Run Again As War Effort

Annual Meeting Decides to Again Devote Proceeds of Regatta to Assist War Effort—Len Hill Elected President While Len Leathley Remains as Vice-President—Need for Greater Membership Stressed as Many Younger Members are in Active Forces—Aquatic One Organization Which Must Be Kept Up

**THE** Kelowna Regatta will be held on August 7th and 8th and will be run along the same lines as last year—as part of the war effort. This action was decided on Thursday night last at the annual meeting of the members of the association.

Len H. Hill has been elected President of the association for the coming year, succeeding Jack Treagold. Len Leathley remains as Vice-President and R. F. Parkinson will serve again as Secretary-Manager. Other directors elected were: M. DePuyffer, C. DeMara, H. McKenzie, F. Thompson, G. Finch and D. Kerr.

Due probably to the weather, the attendance at the annual meeting was smaller than usual but the enthusiasm was, if anything, greater than is customary. In the absence of President Jack Treagold, who is on active service, Vice-President Len Leathley conducted the meeting.

The sentiment of the meeting was that the Regatta, definitely should be carried on and carried on as part of the war effort. The meeting was also unanimous in feeling that there should be little if any capital expenditures this year. Last year some \$1,300 was spent on improvements to the grounds and buildings and it was felt that this year such expenditures should be cut to the very minimum.

It was the general opinion that despite the probability of decreased membership, it would be possible to finance the organization if capital expenditures are avoided.

It was pointed out last year the club would have had a nice surplus had the regatta revenues gone to the club but this amount was sent to the Dominion Government as a gift. It was also emphasized that the present deficit was due to the extensive improvements costing over \$1,300 that were made last year. Had these expenditures not been made the financial statement would have shown a surplus. There was general agreement that the improvements made last year were a decided asset to the club but the opinion was strongly held that such expenditures should be curtailed this year.

The Wednesday night dances had not proved very successful last year and it was decided this year to hold a dance on only every other Wednesday during July and August. The first dance of the season will be Thursday, June 5th, the evening of the Ladies Auxiliary fashion show.

A membership drive will be carried on during the month of July.

## WINFIELD CAPTURES SCHOOL TITLE

Pile Up Most Points in Rural Schools' Track Meet to Take Championship

A brilliant and consistent display in all events enabled Winfield Public School to capture the Rural Schools' Track Meet held at the Kelowna Park on Friday afternoon. Winfield managed to crowd out South Kelowna, after having placed second during the past two seasons. Winfield and Mission Creek were the best turned-out teams in the all-contestant parade which preceded the actual events.

In the competitions Winfield students captured 72 points, while South Kelowna placed second with 68, missing out Mission Creek, which took 61. Other public schools scored the following points: Oyama, 50; Mount Boucherie, 50; Okanagan Mission, 46; Okanagan Centre, 46; East Kelowna, 40; Ellison, 37; Benvenuto, 36; Westbank, 35; Rutland, 35.

Rutland High School took 46 points, leaving only 14 for Oyama and 7 for Westbank.

In the parade, Winfield and Mission Creek were tied with 43 points each, while Benvenuto was a close second with 42. Other scores were: Ellison, 41; Westbank, 40; Okanagan Centre, 39; East Kelowna and Okanagan Mission, 38; Oyama, 35; Rutland and Mount Boucherie, 34; East Kelowna, 32.

Detailed results of the events follow:

Winners of Cups and Trophies  
Kelowna Sawmill Co. Cup: 50 yards, girls, 14 and under—Margaret Lanfranco, Mission Creek.  
Crown Fruit Co. Cup: 220 yards, boys, 20 and under (High School)—W. Taylor, Oyama.  
Newby Cup: 300 yards, relay, girls, open (Public School)—Mission Creek.  
B.P.O.E. Cup: 100 yards, boys, 16 and under—Frank Allingham, Oyama.  
Spurrier Cup: 75 yards, boys, 14 and under—H. Lemky, South Kelowna.

Kelowna Courier Cup: 220 yards, mixed relay, 13 and under—Mission Creek.  
Fumerton Cup: High jump, boys, 14 and under—Clarence Walker, Mount Boucherie.

Central Okanagan Cup: High Jump

Turn to Page 5, Story 5

## Largest Parade Opens Impressive Torch Ceremony

Present Indications Point to Kelowna's Largest Crowd Attending the Patriotic Torch Ceremony Which Will Bring Outstanding Patriotic Day to Fitting Conclusion—Gyros Have Arranged an Elaborate and Varied Program for Entire Day—No Admission Charges and no Canvassing—Military Retreat will be Feature of Afternoon—Pet Parade, Sports, Folk Dancing, Crowning of May Queen and Rugby Game

## Torch Pledge Ceremony Day's Climax

**THE** evening of Empire Day is expected to break at least two local records: the parade is expected to be the largest ever held in this city and the city's largest crowd is expected to attend the one-hour Torch Pledge Ceremony at Athletic Park. Plans are well advanced and general enthusiasm is so great that there seems little doubt that practically every adult in the Kelowna District will be present at seven-thirty to pledge himself to do whatever he is able to assist the Mother Country in bringing the war to a victorious conclusion and a lasting peace. While the evening ceremony is the patriotic highlight of the day, the fitting climax is preceded by a day as full of fun and entertainment as the experienced Gyros can make it. As President Don Whitam of the Gyros puts it: "The committee have endeavored to keep things moving all day and I think they have seen to it that no person will find a moment of boredom in the entire day."

## Every Business, Every House Should Fly Flags, Says Mayor

In a proclamation issued by His Worship Mayor G. A. McKay, all places of business within the boundaries of the City of Kelowna and all houses within the same are commanded by the Chief Magistrate to fly suitable flags and bunting on May 24th as part of the city's participation in the Dominion-wide Torch Ceremony on that day.

"Every loyal citizen should see to it that his home and business place displays the Union Jack or the Canadian flag on May 24th," His Worship said on Wednesday. "It is a patriotic duty to do so."

"In this country we are not prone to display openly our emotions and enthusiasms, but we are at war now and it is time we showed we are not ashamed to fly the emblem of our country."

"On May 24th every city and town in the whole Dominion will be participating in this national Torch Ceremony, and Kelowna, I know, will do its part. The displaying of flags on houses and business premises is an integral part of this ceremony, and I trust the people of Kelowna will co-operate."

## CITY TO USE STREET NUMBERS

Lots to be Designated by Street Addresses Instead of Lot Numbers

On Monday night the City Council decided that hereafter the present system of indicating premises by the lot and plan number would be given up and in future all reference to premises should be made by street addresses, except in strictly legal documents.

This step was taken when it was pointed out that the present system gave the public no indication of the lot in question, while the street address was a clear designation.

## May, 1941, May Create Record Already 3rd Wettest of Century

1.64 Inches of Rain Fell in First Nineteen Days—Surpassed only by 1915 and 1906—14 Per Cent of Yearly Average

During the first nineteen days of May 1.64 inches of rain have fallen in Kelowna, according to D. Chapman, who is the official government recorder here. This figure gives the lie to the man who says it hasn't been a wet May this year.

So wet has it been in fact that May, 1941, with still twelve days to run, is already the wettest May since 1915, twenty-six years ago when 2.55 inches fell.

That May of 1915 created something of a record with its 2.55 inches, as the only May since the turn of the century which anywhere near approached it was that of 1906, which recorded 2.04. This figure may easily be reached this year if the weather fails to clear during the remainder of the month.

In the list of wet Mays among all the forty-two Mays since May, 1900, that of May, 1941, with twelve days still to go, already stands in third place as the wettest.

The average rainfall in May for the past ten years, according to government figures, is .78 inch. In the first nineteen days of this month this average was more than doubled.

Another interesting figure is the

One interesting feature of the day is that there are no admission charges for any of the events. Cars going into the Athletic Park will be charged a nominal amount for parking space, however.

One erroneous misconception has been broadcast by the rumor route that at the Torch Ceremony people will be asked to pledge themselves to purchase Victory Loan bonds. This is absolutely incorrect. No person will be asked to make any such promise nor will any person be embarrassed in any manner. Capt. C. R. Bull, head of the Victory Loan Committee, states, "No individual will be asked for a cent or asked to pledge himself for a cent on Empire Day evening."

In the evening the largest parade, possibly in the history of this city will form at the Canadian Legion and will march down Bernard Avenue to Abbott Street and along Abbott to the Harvey Street entrance to the City Park.

## Parade

The parade will be headed by His Worship the Mayor and members of the City Council, Capt. C. R. Bull, M.L.A., Reeve B. G. Gummow, of Peachland, and Reeve G. H. Moubray, of Glenora. These men represent the city and the district as they are the elected heads of the municipalities and are members of the Citizens' Committee of the Victory Loan campaign, so, in a two-fold sense they will represent the people of the city and district in the parade.

Immediately preceding this group will march a Sea Cadet and a Boy Scout, each carrying a large flag.

Following the group of civic dignitaries will come the Canadian Legion Pipe Band and directly after it will come The Torch and its Guard of Honor. The Torch will be lighted and will be symbolic of this district's pledge to do everything in its power to further the British cause. The Guard of Honor will be six veterans of the South African War, members of the local branch of the Canadian Legion. H. S. Atkinson, President of the Legion, will carry the Torch.

Then will come the troops from Basic Training Camp 110, the local squadron of the B.C. Dragoons, C.A. (R.F.) and the local company of the

Turn to Page 4, Story 4

comparison between the average yearly total of precipitation here and the 1.64 inches which fell during the first nineteen days of this month. The yearly average for the past ten years, including the moisture content in the snow, has been 11.58 inches. The May figure to date, 1.64 inches, represents over 14 per cent of our yearly average!

From 1900 to 1940, 41 years, the May average was .92 inch. In this period, eighteen years were above the average, the wettest May being that of 1915 with 2.55 inches. It is unlikely that this year that figure will be reached. The 1915 figure, that of 2.04 of 1906 will be surpassed. 1923 was also a wet May, with 1.63 inches falling in the entire month, approximately the same amount as has fallen this month to date.

The driest May in the forty-one years since 1900 was that of 1932, when only .06 inch fell. Last year, 1.29 inches fell, but in the nine previous years there was less than one inch.

Remembering that the forty-one year average precipitation for May is .92 inch, if we allow a ten point spread around this figure, we find that any May with less than .87 inch is a "dry" May, any May with a fall of between .87 and .97 inch is a "normal" May, and any May with a fall of over .97 inch is a "wet" May.

Story to Page 5, Story 3

## INTERIOR GOLF MEET COMES HERE

Large Entry for Interior's Golf Classic Which Opens on Saturday

The golf championships of the Interior of B.C. will be decided on the Kelowna course on Saturday, Sunday, Monday, May 24th, 25th and 26th. While eight clubs, Oliver, Penticton, Princeton, Kelowna, Vernon, Revelstoke and Kamloops, belong to the interior association, entries are expected from other points.

The principal trophy at stake will be the Kelowna Businessmen's Cup, emblematic of the championship of the Interior of B.C. This cup is now held by the Princeton club, who won it on his home links last year.

The finals will be played on May 26th and will be thirty-six holes. An attractive program has been arranged and the most successful tournament in years is anticipated. At Salmon Arm on Sunday a local team of C. Owen and H. Todd playing 38 holes gross, 4-ball, best-ball, captured the Spalding Cup with a score of 183.

On Monday evening a gallery of some seventy enthusiasts saw Kenny Black and George Ellis nose out Chester Owen and H. Todd on the last green in a eighteen hole exhibition tilt.

## HOCKEY AUCTION NETS \$500

The Kelowna Hockey Club's radio auction was concluded on Monday night over C.K.O.V. and it is expected that it will net the organization over \$500.00 to assist it in meeting its liabilities.

## THE KELOWNA COURIER

Established 1894

A newspaper devoted to the interests of the Kelowna District of the Okanagan Valley in British Columbia, published every Thursday morning by The Kelowna Courier Ltd. The Kelowna Courier is a member of the Canadian Weekly Newspapers Association and of the British Columbia Weekly Newspapers Association.

Subscription Rate: \$2.00 in Canada; \$3.00 to other countries; single copies, five cents.

MEMBER OF "CLASS A" WEEKLIES

Winner, 1939

Charles Clark Cup

Emblematic of the best all round class B weekly in Canada.

Winner, 1939

MacBeth Memorial Shield

Emblematic of the best editorial page in its class in Canada.

Winner, 1938

M. A. James Memorial Shield

Emblematic of the best front page in its class in Canada.

G. C. Rose, President

R. A. Fraser, Secretary

R. P. MacLean,

Editor and Manager

The Kelowna Courier has by far the greatest circulation of any newspaper circulating in the Central Okanagan Valley.

THURSDAY, MAY 22nd, 1941

## A Personal Duty

On Saturday next Kelowna will celebrate Empire Day by staging the greatest patriotic celebration ever held in this city. From early morning until midnight there will be a continuous procession of events, each with its own patriotic motif.

The Gyro Club this year sought the city's assistance in staging an unusual patriotic program on Empire Day. Their arrangements were well forward when, at the request of the Dominion Government, it was decided to hold the Torch Ceremony as a Victory Loan publicity effort. The Gyros agreed to co-operate with the publicity committee of the Victory Loan in making this evening ceremony the outstanding patriotic event ever held in this city.

One unusual feature of the day is that there is absolutely no admission charge to any events, excepting the dances in the evening. The whole idea of the celebration is to lay emphasis on patriotic things and the program schedule appearing elsewhere in this issue indicates that purpose has been admirably carried out.

While the morning and afternoon programs are designed for entertainment, the day actually reaches its peak in the evening Torch Ceremony, when the people of this district take their places with the residents of other cities and municipalities throughout Canada and pledge themselves and their all "to hold the Torch on high, and to march shoulder to shoulder with the Motherland and the Empire in our righteous cause through victory and enduring peace."

His Worship Mayor McKay in a proclamation issued last week points out "it is imperative that all loyal citizens should participate." In stating the obvious truth thus forcibly, His Worship was endeavoring to bring home to the people of this district the fact that in the history of this city there has never been a more solemn occasion than this planned for Empire Day evening. His Worship meant, so solemn is the occasion and so important is the participation of every citizen in this ceremony, that fishing trips should be forgotten, that bowling and tennis should be postponed, that bridge should be shelved and all forms of amusement abandoned until after the ceremony.

What His Worship was intending to convey was simply that your fellow citizens may justly judge your standard of loyalty and patriotism by whether or not you attend the Torch Ceremony.

## They Serve Well

When the present war is over there will be one group of citizens to whom Canada will owe gratitude, just as surely as she will owe a debt of gratitude to her armed forces. These are men and women who are devoting their time and energies, day in and day out, to assist in the collections of monies which the country must have in order to carry out its war program.

Without remuneration, and in many cases at a severe sacrifice of their own personal interest, these citizens rally to the cause of the War Savings Certificate, the Canadian War Services Fund and War Loans. They no sooner close one campaign, when they must start in on another. With the February drive in behalf of War Savings yet to be completed, they switched their activities to the collection of money for the soldier services. Now they have gone back to continue the War Savings job. Very soon, they will be preparing to sell War Loan Bonds.

These conscientious Canadians deserve much more thanks than they actually receive for the work they do. That would help a great deal to offset some of the rude rebuffs they get from some unthinking Canadians who are only being asked to contribute their share in the battle being waged for their protection.

These workers on the home front serve as emphatically as other citizens in the country; their only compensation being the knowledge that they are carrying out a job that has to be done.

## No Self-Interest

Occasionally men engaged in the newspaper business are told, usually by people who don't know very much about it, that the amount of support given by the press to this cause or that depends on the amount of paid advertising taken by its sponsors. Such a suggestion is usually regarded as a more or less harmless slander and it is not often that a newspaperman bothers his head to refute the charge. In this connection it

may be of interest to quote a statement by Vernon Knowles, a prominent Canadian, who was in charge of publicity for the Canadian War Services campaign.

Mr. Knowles says: "Nobody can ever accuse the Canadian newspapers of self-interest after this—at least not in my hearing. With one campaign in place of six, the newspapers really had less paid advertising than they would have had if the six campaigns had run full blast as in times gone by. But with less paid advertising, the newspapers actually contributed more editorial support than is ordinarily accorded to the six campaigns all told. This certainly means something in Canadian citizenship and keeps alive one's faith in fundamental patriotism."

## Patching Up Old Quarrels

The suggestion has been made in London, England, that the history books of the United States and Great Britain be revised and rewritten to give the youth of both nations a juster appreciation of events affecting both countries. No more constructive work could be undertaken than this. A joint committee of competent historians, having access to the official archives of both nations, could agree upon the facts. Viewing these facts in perspective after the lapse of time, and discussing them in an atmosphere of sympathy and goodwill, much of the bitterness would be removed when the histories came to be rewritten.

School textbooks offer perhaps the most effective medium of propaganda that can be found anywhere. All organizations which seek to control the States, or to proselytize on behalf of any social or religious dogma, make a point of controlling the education of children. They feel that once they plant certain habits and patterns of thought in children during their formative years they can predict their actions and behaviour and obtain some degree of control over them in later life.

We in Canada are perhaps more keenly conscious than anyone else of a clearer mutual understanding. Undoubtedly the American Colonies were given rather high-handed treatment. Unquestionably the British attempts to suppress the rebellion were mishandled. But from this distance, and in the light of subsequent events, the whole quarrel seems to have engendered prejudices out of all proportion to the injuries inflicted and sustained.

It was brought about by poor judgment of a hard-pressed government and a weak king. The essential justice of the colonists' complaint was readily appreciated by the British people, who later gave their sympathetic support to the cause of American unity, and frequently risked injury to their interests and pocketbooks by espousing the same principles for which the colonists fought when they were tested later in the American Civil War.

There can be no greater disservice to the cause of democracy throughout the world than the continued use of biased textbooks. With young children who have not developed the power of criticism, a just and reasonable interpretation of the facts is quite as important as an accurate statement of those facts. A trained and critical mind will draw the proper conclusions, provided all the facts are made available to it and it has knowledge of the conditions precedent. In the elementary schools it is impossible to devote much time to an exhaustive research into the history of any given period, so school children must be given ready-made opinions. If those opinions are violently derogatory to any particular nation, children will grow to maturity cherishing a prejudice against that nation.

In the days to come, while the war lasts and afterward, the British and American people must work in close association, first to preserve, and then to extend the frontiers of liberty. The first thing to be done is surely to bring each of them to a better understanding of the other, and eradicate whatever prejudices have embittered their relations. It is not good that American children should be taught that the British are a nation of tyrants and oppressors who would have forced the United States into perpetual slavery but for the military genius of the colonial generals under Washington, and the cowardice and ineptitude of the British forces sent to suppress the rebellion. Nor is it good that British children should be taught that the United States is a country where lawlessness and political racketeering are prevalent, where Negroes are lynched, politicians are bought and the drug traffic flourishes as big business. A joint committee of historians rewriting the textbooks of both countries would make it easier for their people to work together harmoniously in the future.

## Face and Fill

Apparently it was a "Hess-capade."

The young bachelor with money to burn has difficulty in avoiding a match.

As Sir Gerald Campbell said in a reply to Lindbergh, "We may be despicable, decadent specimens of white trash, but at least we are white, not yellow."

A resident of the Riviera says he hasn't had his dinner jacket on in months. And it isn't because it won't button.

Not the least of Hitler's accomplishments to date was to create situations in which the Number 3 Nazi rushed to Britain, and the men of Eire rushed to the aid of Ulstermen.

## r.p.m.'s column

THE WORK OF THE BOY SCOUTS has been mentioned frequently in this column but the following article from the New York Times will be of interest to readers of this paper as it gives an excellent and unprejudiced picture of the work of the Boy Scouts in Britain. The article follows . . .

BRITISH BOY SCOUTS ARE playing men's parts in the defense against Hitlerism, according to data gathered by the British Press Service for the Boy Scout Foundation of Greater New York, made public yesterday . . . In the front line of the thousands of British youths and boys who have dismissed the comparative safety of evacuation or sheltering, and who day and night brave bombs in the streets in helping to man the country's vast civil defense organization, are the British Boy Scouts . . . "To describe in full the magnificent work these boys have done and the heroism of those who have accepted wounds and death in doing it," the British Press Service said, "would take up many articles. Even to catalogue the 175 different wartime jobs the Scouts have taken on is impossible." . . . The Scouts began intensive training in many kinds of national service before the war and were ready when war came. Within the first year of war 53,000 Scouts were already wearing the Scout National Service badge. They were manning first aid, ambulance and warden posts, acting as messengers during raids for the A.R.P., firefighting and other services, looking after shelters, feeding and rest centres. . . . "Today, after months of bombing, they are still there," the service reported. "And about half their number have earned the Civil Defense badge. These lads have run and cycled thousands of miles through the fiercest bombing. Their work has saved thousands of lives. And it has released grown men for other vital tasks." . . . Ten thousand Boy Scout groups all over the country are now in national service. Perhaps the small Fifth Urnston Troop is typical. Three Scouts in this troop are A.R.P. messengers, two are in the local blood transfusion service, six are in the home guard and one in the R.A.F. The younger Scouts in this troop have collected 1,500 books and 2,500 packets of cigarettes for the forces, books and toys for refugees, and two tons of waste paper for salvage. . . . Messenger Derrick Belfall was carrying a note to a particularly dangerous area during a raid on Bristol. On the way he put out a fire single-handed with a stirrup pump and later carried a baby from a blazing house. He was found wounded in the street. Before he died he kept repeating, "Messenger Belfall reporting. I have delivered my message." He was 14 years old. . . . During the savage raid on Coventry one Rover took over the driving of an A.F.S. tender when its driver was wounded; five patrol leaders worked with the A.F.S. through the whole of the night. Rover crawled into a stokehole under an A.R.P. post and put out a blazing incendiary, saving the building. Scores of other Scouts stuck at warden's and ambulance posts and rest centres, several of which were bombed. Three Scouts were killed. . . . This summer thousands of Scouts will make up for the shortage of farm labor by helping bring in the harvest. The Air Scouts are preparing to become regular aviators. The Sea Scouts have become an important part of "London's Navy," the collection of pleasure craft transformed into hospital ships and patrol boats. Recently thirty Scouts attended a ceremony in which they received official recognition for outstanding bravery in air raids.

## Kelowna in Bygone Days

From the Files of The Kelowna Courier.

THIRTY YEARS AGO  
Thursday, May 11, 1911

"W. R. Barlee's fine mare, 'Cherry Lass,' which he took to the Coast last year and sold, was placed first in her class at the recent Vancouver Horse Show, beating Mr. Laidlaw's \$4,000 horse. Mr. Barlee has right to feel proud of the success of 'Cherry Lass.'"

"The exhibition lacrosse game between junior teams representing the east and west ends of town, which was played on Thursday afternoon, resulted in a victory for the east end, captained by Rae Ritchie, by a score of 15 goals to 2. Although the westerners had a good share of the game, their opponents had an advantage in weight which they used with telling effect, as the score indicates."

Summerland at this time boasted of a total of five automobiles.

A short editorial "roasts" the City Council for failure to make adequate provision for disposal of garbage, as follows:

"It is difficult to understand the apathy of the Council on this very important question. They have taken up the feasibility of a sewerage system for the town, but talk on such matters does not mean any early practical accomplishment, while a vigorous cleansing policy could be inaugurated, on a day or two's notice, that would mean much for the suppression of the fly nuisance and for the lessening of the danger of an epidemic. An effective day scavenger service is what is needed, is what we have contended for years past, yet seems as far off as ever, while the flies, disseminators of disease and breeders of filth, breed in myriads, undisturbed and household refuse, scraps and waste, which people in the thickly settled part of town must needs throw upon the ground for lack of other means of disposal."

TWENTY YEARS AGO  
Thursday, May 12, 1921

No issue. Printers on strike.

TEN YEARS AGO  
Thursday, May 7, 1931

"Mr. A. D. McLean, District Inspector of Western Airways, Regina, flew here by airplane on Thursday last to inspect sites for a city airport. In response to an application made by the Kelowna Board of Trade for a licence for the Boyce field. While he will not report on the sites inspected until a later date, he stressed the advantages of selecting an airport adjacent to the lake for the convenience of seaplanes, apparently favoring the Boyce field for this reason."

All attendance records were broken at the sixth annual Okanagan Musical Festival, held at Kelowna on April 30th, May 1st and 2nd, and over 1,200 competitors' tickets were issued. The music adjudicators, Mrs. Gertrude Huntly Green and Mr. Elic adjudicators, Mrs. Gertrude Huntly Green and Mr. Elic, expressed themselves as much impressed with the great advance made since the previous year in the instrumental and choir classes.

A trade licence having been issued for operation of a tourist camp at the east end of the city, the City Council decided to abolish the tourist camp in the City Park and to devote the site to use as a picnic ground, no camping over night being permitted.

After debating the matter all day at a meeting held in Kelowna on May 6th, the B.C. Tomato Growers' Association decided to accept the price of \$14 per ton offered by the canners for cannery tomatoes during the 1931 season. The price paid in 1930 was \$17.50 per ton, but, according to the tanners, depressed market conditions had left canneries throughout the country with a stock of goods far in excess of the demand, forcing them to restrict their operations during 1931 and to obtain the raw material at a lower price.

## THE CORPORATION OF THE CITY OF KELOWNA

## Proclamation

As Chief Magistrate of The Corporation of the City of Kelowna, at the request of the Dominion Government, I hereby strongly urge all loyal citizens to be present at, and to take part in the

## Torch Ceremony

which will be conducted in the Athletic Park at seven-thirty p.m. on the evening of Empire Day, May 24th.

This ceremony, held in connection with the Victory Loan Campaign, will be the most patriotic and impressive occasion in this City for many years. It is imperative therefore that all loyal citizens should participate.

All organizations and societies are requested to have their entire membership march in the Victory Loan Parade which leaves the Legion Hall at seven p.m. on the same evening.

I also invite all citizens and organizations of adjacent municipalities and unorganized districts to join with the people of Kelowna in this important ceremony that it may be truly representative of the entire Central Okanagan.

And further, I hereby request all places of business and all homes within the City of Kelowna to suitably display the Union Jack or the Canadian Flag on May 24th.

G. A. McKAY, Mayor.

Kelowna, B.C.

## FORMER KELOWNA MAN PASSES AWAY IN CALGARY

Lieut. H. G. Hillard Lived Here Before Last War—Frequent Visitor Recently

Word has reached Kelowna of the recent death in Calgary of Regimental Quartermaster Lieutenant Henry George Hillard, a former resident of Kelowna. Lieut. Hillard died suddenly at Sarcee Camp.

Lieut. Hillard lived in Kelowna before the last war, leaving here to enlist. He served as regimental quartermaster-sergeant, R. A. S. C., with the Imperials in France, and as warrant officer, first class, I. A. S. C., in Mesopotamia. During recent years he was a frequent business visitor in Kelowna.

At the time of his death he was attached to the 15th Alberta Light Horse.

Lieutenant Hillard is survived by his parents, Mr. and Mrs. S. T. Hillard, in England; two daughters, Mrs. Harold Roth, Royalles, Alberta, and Mrs. John Bishop, Calgary; one son, Cyril Hillard, Toronto; two sisters, Mrs. S. R. Millar and Mrs. Bruce Clark, both in England; and three grandchildren.

## EAST KELOWNA W.I. HOST TO FORTY TEACHERS

Interesting Address on Various Phases of Fruit Industry Given by L. R. Stephens

The East Kelowna Women's Institute held its regular monthly meeting in the Community Hall on Tuesday, May 13, with a good turnout of members. Mrs. J. Ferguson occupied the chair. The financial report was read by Mrs. D. Evans, stating that there was a bank balance of \$24.55 to the credit of the W.I. and \$40.71 to the credit of the Hospital Ward fund; \$21.94 had been spent on the drapes and chair covering. Mrs. G. D. Fitz-Gerald was appointed to see to the purchasing of a table and stool for the South and East Kelowna Hospital ward.

A bulletin read by Mrs. Evans told of the rigid requirements of the Red Cross in regard to quilts sent in. New cloth material is the only one to be used. Mrs. G. Porter asked for a purchase of cretonne to cover a quilt which has been made of sock tops and it was also decided to finish it and another quilt which had been started earlier.

Mrs. G. Porter was appointed to take charge to see to the installation of a locker to be used jointly by the Red Cross and the Women's Institute.

Mrs. S. Olson and Mrs. E. Porter were elected as delegates to attend the W.I. convention to be held in Keremeos. Mrs. J. Ferguson had been elected earlier but would not be able to attend.

Mrs. E. Porter was elected Vice-President to succeed Mrs. Bert Woods.

Mrs. G. Porter and Mrs. G. D. Fitz-Gerald were the winners of the War Savings Stamp drive for during the afternoon. At the conclusion of business tea was served, the hostesses being Mrs. J. Ferguson and Mrs. G. D. Fitz-Gerald. The final meeting for the season will be held on June 10 when Mrs. E. Hewlett and Mrs. H. Hewlett will be in charge.

The regular monthly meeting of the Kelowna and District Teachers' Association was held in the East Kelowna Community Hall on Wednesday, May 14, when over 40 teachers of the district were present. The supper was provided by the East Kelowna Women's Institute and was thoroughly enjoyed. The funds of the W.I. will benefit by approximately \$13.00.

Miss Muriel Cliffe, the President of the association, spoke briefly on the teachers' fund for the relief of children of devastated areas and destitute teachers in Britain. In calling for support of this fund, the plight of teachers who were refugees from other countries of Europe was stressed. The teachers of B.C. hope to raise \$8,000 by the end of June.

The main speaker of the evening, L. R. Stephens, of Sales Service, gave a very interesting and informative address on different phases of the B.C. fruit industry, stressing mainly the Okanagan Valley. Mr. Stephens touched on the growing and handling and shipping of fruit, with its many problems. Giving figures of average production, the speaker gave a short history of the industry from the time the first trees were introduced by the Oblate Fathers to the extended commercial plantings of 1900.

In speaking of the elimination of certain varieties of fruit, Mr. Stephens told about the crops of earlier years and the more simple problems of raising and shipping the fruit and how the trend through the years had been to fewer and better varieties. Early marketing problems and slow transportation did not always allow the fruit to come to market in good condition, and growers and shippers had to learn through bitter experience the proper way to handle their fruit so that markets could be established. The differences in districts had also much to do with varieties which could be successfully grown, and the difference between the North and South Okanagan was given as an example. In 1926 the results of extensive plantings began to be felt, and in that year the first dump tariff was introduced. In 1932 the Ottawa Agreement led to the expansion of the overseas market when the Empire fruit was given preference.

Mr. Stephens went on to give a resume of the application of dump tariffs and explained how they were applied, and in giving 1934 as the year of the first Fruit Board, stated that it was the beginning of the one-desk plan in which all growers cooperated. Different plans and procedures were explained up to the government subsidies and purchases of the 1939 and 1940 crops. Stressing the need for rigid supervision of picking, packing and shipping of fruit, Mr. Stephens told of the stiff competition met by B.C. fruit when only about 35 per cent is consumed on the home market and the rest has to be sold throughout Canada and be shipped abroad. In order to compete successfully, B.C. fruit must be in the best of condition and the shippers must work on a high quality basis. For example, it was stated that 80 per cent of the peach crop of each day is picked, packed and shipped the same day. In regard to selling in the United States, it had been found to be most economical to sell through a broker situated in each of the larger centres.

Mr. Stephens spoke of the various types of markets and selling agencies, contrasting the brokerage selling of western Canada to the auctions of New York and the United Kingdom. In this latter regard, the speaker asserted that the fruit dealers had always the highest regard for the finest quality of the U.K. An interesting sidelight was given in regard to the size of fruit popular in different markets, the Latin countries desiring the largest size, and the United Kingdom the smallest. Of all varieties, the Delicious has been the favorite in both foreign and domestic markets. The speaker stressed the many problems facing the fruit grower in learning how to grow and market his fruit and the tremendous difficulties of present day export, when not only the problem of shipping must be faced but also the problem of foreign exchange.

In conclusion, Mr. Stephens en-

umerated some of the many Acts passed by both the Dominion and Provincial Governments and which must be rigidly adhered to in addition to these, there were the laws of other countries regarding the entry of fruit, and whole shipments may be set aside for failure to adhere to certain rules.

A vote of thanks was moved to the speaker by George Elliot and was heartily responded to by the meeting.

Mrs. E. Porter and Mrs. S. Olson, accompanied by Mrs. G. Porter, Mrs. G. D. Fitz-Gerald, Mrs. E. Hewlett and Miss Grace Porter, attended the Women's Institute convention held in Keremeos on Thursday, May 15th.

The East Kelowna School was closed on Friday, May 16, to enable the children to take part in the Rural Schools Track Meet held on that date. G. D. Fitz-Gerald donated the use of his truck to take the children to town and also acted as an official during the meet. All East Kelowna children wore green and orange hats made by themselves, plus green and orange ribbons—the E.K.S. colors.

Sylvia Day won first in the 10 and under girls, and placed 3rd in the 12 and under girls. Ronald Haskins placed 3rd in the 12 and under boys' broad jump. The team parade placed 6th among the 13 schools present.

T. Van Dyke, of Edmonton, has been spending several days in the East Kelowna district visiting his parents, Mr. and Mrs. T. Van Dyke.

Mr. and Mrs. Ted Dodd and son, Jimmy, left recently on a motor trip which will take them to Prince Albert, Sask., to visit Mrs. Dodd's parents there.

Mr. and Mrs. William Wilcox are receiving congratulations on the birth of a daughter in the Kelowna General Hospital on Tuesday, May 13th.

The second issue of the "East Kelowna School Banner" made its appearance this week. It is hoped to publish one more issue before the end of the term, in order that nearly all members of the senior school will have taken some part in its publishing. This paper provides the children with an opportunity to participate in a worth while activity unit.

Mrs. Hall, of Penetanguishene, is at present visiting her daughter, Mrs. R. Smith, of East Kelowna.

Ted Foot, who has been attending the University of B.C., recently received word that he has completed his first year there with second-class honours.

The Parish Guild of St. Mary's Church, East Kelowna, is making plans for the holding of a flower show and garden drive. This will be held in the East Kelowna Community Hall on Thursday, May 29.

The East Kelowna Hall Board is sponsoring a dance on May 23, in the Community Hall, and has secured the services of Buster Morgan and his Radio Revelers for this event. Plans are being made to cater to the large crowd expected to attend this dance to see and hear this popular Vancouver orchestra.

The yearly hall party for members of the East Kelowna Community Hall Association was held in the Community Hall on the evening of May 16. There was a smaller turnout of members than had been expected, but a good time was had by those present. Bingo was played and dancing concluded the evening.

At the regular monthly meeting of the East Kelowna branch of the Red Cross, work was continued on the girls' blouses. Ladies' dressing gowns are being cut out and work will begin on them next week. Mrs. Wilson and Mrs. Jones were hostesses for the afternoon. Twenty members were present for the afternoon's sewing.

Crime and punishment grow out of one stem. Punishment is a fruit that, unsuspected, ripens within the flower of the pleasure which concealed it—Emerson.

## For Sale

This Beautiful New Lakeshore Home  
... AT A REAL SACRIFICE!

Of recent construction, this lovely home on the lakeshore is now offered for sale at a price which makes it exceedingly attractive.

The house is situated on an acre lot, with 150 feet of lake frontage. It contains all the desirable features that you would want to build into your own home, including a garage, furnace room and three lovely bedrooms with convenient dressing room.

An entrance hall, dining room, and living room with polished oak floors, and a wonderful view, make this one of the most attractive offers of the year.

### BOYSCOUT COLUMN

1st Kelowna Troop

Troop First! Self Last!

Orders for week commencing Friday, May 23rd, 1941:  
Duties: Orderly Patrol for week, Lynx; next for duty, Cougars.

Rallies: The Troop will rally twice in connection with the two parades which are being held on the 24th of May, the first time at five minutes to one, and in the evening at fifteen minutes to seven, both in front of the Canadian Legion Hall. The Troop will also rally at the Scout Hall on Friday, the 23rd, and Tuesday, the 27th instant, at 7:15 p.m., and a dress rehearsal for our entertainment will be held

at the Scout Hall on Thursday, the 23rd instant, at 7:15 p.m. It of course, is essential that there should be no absentees from any of these rallies, but at the two rallies on the 24th of May the greater part of our Troop will be parading as High School Cadets at the afternoon parade and, possibly at the evening parade as well, although we shall try to make an arrangement about the latter.

The Troop has just lost a very valued and old friend and supporter in the calling to higher service of Mrs. Campbell, mother of one of our old Scouts and the present Cubmaster of the 1st Rutland Pack. Mr. Harry Campbell, Mrs. Campbell was for many years a very hard working member of our Mothers' Auxiliary, and the Troop always had an affectionate place in her regard. We extend to Cubmaster Campbell and family our very sincere sympathy.

As we anticipated and mentioned

in last week's column, many more Scouts handed in their slips of paper showing that they had read the column of the 8th instant, but just over fifty per cent failed to hand in any slip. In some instances they read the column but thought they were too late to enter the contest. We shall try out this again some time and trust to have a quicker and larger response.

A great many former Scouts of the Troop are now serving in the Canadian Active Army, and we would very much appreciate having word from them wherever they may be, and it would be most interesting to hear from them through this column. It would also be a very good turn upon the part of our Scouts to drop soldier Scouts a line. We cordially invite any Boy Scout or Wolf Cub in uniform to attend our entertainment on the 30th instant, and if they are in uniform, no admission ticket will be required.

## OKANAGAN MISSION

The Senior Room at Okanagan Mission School is being taught by Mrs. L. Evans during her husband's absence. Mr. Evans has gone to the Vernon Camp for training.

Leicester Collett, who with his wife had been visiting his parents, Mrs. H. C. S. Collett, while awaiting his call for the Royal Air Force, left last Wednesday, May 14.

Fusilier Alfred Johns, Irish Fusiliers (V.R.), left on Wednesday, May 14, for Nanaimo, after spending his furlough with his parents, Mr. and Mrs. Hector Johns.

Children of Okanagan Mission School went into Kelowna for the Track Meet, Friday May 16. Some of the parents took the smaller children in their cars. A large number

## ANOTHER THOUSAND GARMENTS

"Bombed Britons" Ship Another 1,000 Garments To Bring Total To 12,529

This week, another thousand garments brings the total shipped by the "Clothing for Bombed Britons" local depot. This thousand garments brings the total shipped by this local branch of the Salvation Army Red Shield to the gratifying figure of 12,529.

This figure indicates that Kelowna and district is doing its share towards providing clothing for the distressed people in Britain. Under the capable direction of Mrs. W. S. Dawson and Mrs. O. France, this local organization is doing a splendid work. An average of 143 workers turn out every week to mend, make-over and sew garments. This number includes a group of ten men who volunteered to unpack garments and make them ready to make-over.

Although a great deal of the work is done at the Lawrence Avenue headquarters, many of the women take work home and bring it back ready for shipment.

There are many women in the outlying districts who are contributing their share towards the sending of these comforts overseas. There are Mrs. Browne and workers at Wilson's Lodge; Mrs. Fidler and co-workers at Benvenuto; Mrs. Gled and helpers at Okanagan Centre; Mrs. Conroy and her assistants at Ellison; Mrs. McLeod and helpers at Rutland; Miss Daisy Miller and a loyal band at Oliver; Mrs. Macready and a group of enthusiasts at Mara; Mrs. Draper and her workers at Winfield, and Mrs. Baptist and her co-workers at Peachland.

"Clothing for Bombed Britons" is the local unit of the Red Shield Women's Auxiliaries, of which there are 512 organized groups across Canada. The 18,000 women in these groups have enabled the Salvation Army to send an average of 44,000 garments each month to meet the urgent need in the old land.

Perhaps some may wonder whether their gifts of clothing ever arrive in the Old Country. Mrs. Peacock states that, in spite of enemy-infested seas, the clothing arrives safely at the international centre. Recently, Mrs. General Carpenter expressed gratitude to Red Shield Auxiliary workers for their contribution in these words: "Today you are giving, working and sparing from your own wardrobe to help tens of thousands of men, women and children, on whom a flood of war has burst, battering them and rendering them naked and homeless. Will you, one and all, receive my gratitude on behalf of this multitude."

## LAND TAXES DISCUSSED AT WINFIELD

Farmers' Institute Wants Taxes Placed On Farm Income and Not Land

The Winfield Farmers' Institute considered several resolutions at its meeting in the Winfield Community Hall on Tuesday evening, and refused to endorse one resolution received from a Coast Institute.

This latter resolution asked the Government to release from school taxation all farm lands. A local resolution asked that there be no taxes against farm lands, but rather taxes should be placed against the income from the production of farm lands, as this would obviate the necessity of farmers paying taxes when the production does not bring a profit.

The secretary was instructed to attach a copy of this resolution to the Coast resolution and to return it, stating that the Coast resolution could not be endorsed, as it did not go far enough.

The latter part of this resolution urged that, at future provincial candidates should be pledged to support such legislation. The Winfield Institute objected to this clause, as it feels that Farmers' Institutes should refrain from entering into politics.

In another resolution, the Institute sought some solution to the problem of moving tractors along and across highways.

C. Munro, S. Edwards, W. J. Coe and Charles Draper were named as delegates to the District G convention to be held at Grindrod on June 9th, with W. R. Powley and L. Constable as alternates.

Mrs. Doran left recently on a visit to her parents and friends in Saskatchewan.

Mrs. Walter Middleton, following a visit to her brother, Wm. Lodge, returned recently to her home in Chilliwack.

Miss Fowler returned to her home here on Friday, after spending several weeks visiting at the Coast.

On Sunday last, Mrs. C. B. Wales returned from a visit to Enderby. She was accompanied by her daughter and family, the Jeffcoates of Enderby, who motored down for the day.

Justin McCarthy, while logging near Pentiction, was bitten by a rattlesnake last week. He motored to Pentiction for attention, and it is understood he is making a good recovery.

Mr. and Mrs. Carl Wroslon motored up to Mara on Saturday afternoon to spend the week-end with friends and relatives.

Mrs. P. H. P. Griess is at present a patient in the Kelowna General Hospital.

Ross, Norma and Eunice McDonagh motored to Enderby and Grindrod on Saturday afternoon, spending Sunday with relatives.

Of the older ones cycled in with Mr. Evans.

## 4 TORCH CEREMONY

From Page 1, Column 8

Rocky Mountain Rangers, C.A. (R.F.)

Following these will come other organizations such as the Canadian Legion, B.C. Women's Service Corps, the executive of the Board of Trade, the Kelowna Volunteer Fire Department with equipment, and some score of other fraternal groups, organizations and societies of every walk of life in the community. All such organizations are asked to turn out as many members as possible.

In addition there will be the Sea Cadets, the Boy Scouts, the School Cadets and over eight hundred school children.

Well over two thousand persons are expected to take part in the parade which promises to be one of the most colorful ever seen in this city.

Col. A. C. Sutton, D.S.O., O.C. Basic Training Centre 110, will take the salute at a saluting base at the Royal Arsenal Hotel.

**Torch Ceremony**  
The parade is scheduled to reach the park at seven-thirty and immediately the body of the parade is in position the Torch Ceremony will commence.

One of the principal units upon which the success of the Torch Ceremony depends is the massed choir. It is expected to have at least a hundred voices and as many more as possible. The number depends entirely on the manner in which singers of all denominations and creeds respond to the call. The choir, under the direction of Cyril Mossop, will practice tonight (Thursday) in the United Church Hall at eight-thirty. All singers are requested to attend.

The choir will lead the entire assemblage in the Buchan version of "O Canada," and then the choir will sing "And did those feet first tread on us." The entire crowd will also sing "The Maple Leaf" and "There'll Always be an England," and the massed choir will render "The King, His Heart to Thee Upraiseth" and "Edward Elgar's 'Land of Hope and Glory'."

After the chorus of this latter song has been sung by the choir, it will be repeated and the entire crowd is requested to sing it.

At approximately eight o'clock the Guard of Honor will parade the Torch which will be dedicated by Rev. C. E. Davis.

The scroll which will be flown to Britain in the bomber and presented to Winston Churchill will be signed by His Worship the Mayor representing the people of this district.

At the completion of this brief ceremony, the King and Queen will deliver a brief Torch Day address. This will probably be not longer than ten minutes.

The entire assemblage then, on behalf of the people of this district, will take the following pledge. With right hand over heart, each person will repeat:

"I hereby declare my belief in Almighty God and re-affirm my loyalty and allegiance to His Majesty the King and further declare my support for British institutions: 'I pledge myself and my all to hold the Torch on high, and to march shoulder to shoulder with the Motherland and the Empire in our righteous cause through victory and enduring peace.'"

"God Save the King" will conclude the ceremony.

Three bands will march down in the parade, the 2nd Legion Pipe Band, the Kelowna Junior Band and the School Cadet Drum Band.

The Torch will be a replica of that being sent across Canada in the bomber and then overseas to be presented to Winston Churchill. The local Torch will be suitably designed and will be lighted throughout the parade and the ceremony.

The parade will be in general charge of the entire evening ceremony. J. W. B. Browne will act as master of ceremonies during the park service.

No cars will be allowed in the park during the evening ceremony. This does not apply to a group of cars which will be taken into the park for the definite purpose of providing light.

There will be no canvass made or request for money during the Torch Ceremony.

There is a distinct possibility that the Rocky Mountain Rangers Band may be in Kelowna to take part in the ceremony. While the arrangements are not yet made, they are far enough advanced to give the committee cause to hope that they will have the privilege of entertaining this splendid musical organization.

**The Day's Program**

An elaborate and attractive program has been outlined by the Gyro Club for the morning and afternoon of May 24th. At 9:45 o'clock on Empire Day morning, there will be the annual pet parade, always a pleasing feature for children and grownups alike. This parade and judging of the pets will be followed by a children's track meet for children under fourteen years of age.

At one o'clock, in the City Park, the Kelowna Junior Band will play selections from the May Queen parade arrives. This parade, which will be headed by the Canadian Legion Pipe Band, will leave the Legion Hall at 1:05 o'clock, arriving at the City Park athletic grounds at approximately 1:30 o'clock.

The parade, which will feature the May Queen, her court and attendants, will include a guard of honor composed of Sea Cadet members, the two Kelowna Troops of Boy Scouts, the School Cadets, Girl Guides, Brownies and Cubs.

The coronation ceremony at the Park will be an impressive affair, and folk dancing will follow immediately afterwards. From 2:20 o'clock to 3:15 o'clock, open track

## GLENMORE SEEKS RADICAL SETUP CHANGES

B.C.F.G.A. Local Passes Resolution to Change Tree Fruit Setup

Glenmore B.C.F.G.A. Local went on record on Friday evening as wanting B.C. Tree Fruits Ltd. to close the 1940 deal immediately and pay the growers the balance of monies due them; as wanting the governors of B.C. Tree Fruits Ltd. elected by secret ballot of all growers and not by the delegates as at present; and as not desiring any subsidy from the Dominion Government for the 1941 crop "if maximum economy is not carried out" and a changeover form of pack be instituted "with the idea of giving the producer a greater proportion of the consumer's dollar."

The meeting, which was under the chairmanship of E. Snowball, was the largest Local meeting held in several years. After much discussion, the following resolutions were passed, the last one unanimously:

"Whereas it is now the middle of May and growers have no definite idea of what they will receive for last year's crop, and advances to date only represent about 25 or 30 cents a box, and in consequence of the production of that crop are still unpaid and the financing of this year's crop is difficult, and in some cases impossible, and as the balance of the crop unsold, some under the government guarantee.

"Therefore, be it resolved that Tree Fruits Ltd. immediately close the deal and pay to the growers the balance of monies due them."

"Whereas the present system of electing governors of Tree Fruits Ltd. is entirely in the hands of the delegates of each district, and whereas we feel the responsibility of nominating governors should be by secret ballot by the members of every Local in each district.

"Therefore, we request that the bylaws of the said Tree Fruits Ltd. be so altered to ensure this being done, and that the nominating convention to be held this year.

"And whereas, in order to give to the growers the opportunity to consider the nominees for the position of governor.

"Therefore, the names of the nominees should be sent to each Local before the nominating convention."

"Whereas, in view of the seriousness of war conditions, this industry is kept alive by Federal Government grants, and that it is very necessary that no money under these circumstances be wasted.

"Therefore, be it resolved that the present set-up be drastically changed or overhauled so as to obtain the maximum economy possible, and also that, as a temporary war measure, varieties of apples not in demand on the export markets available to us at this time be handled in the cheapest possible manner with the idea of giving the producer a greater proportion of the consumer's dollar, and, if maximum economy is not carried out, that the Government be requested not to grant a subsidy this year."

The Gordon Campbell Preventorium opened for the season on Monday, May 12, with ten pre-school children taking treatment.

Ogilvie, Reg. N., of Vancouver, who had charge of the institution last year, is again in charge, with Miss Ann Allan and Mrs. Bowman, of Kelowna, assisting. It is expected that the official opening will be held early in June, when every one will be invited to attend.

Mrs. Stocks, of Pentiction, arrived on Saturday last and is a guest at the home of her daughter, Mrs. G. H. Moubay, for this week.

Albert Pearson, recently disposed of his orchard property to the two Snowball brothers, Jack and Jim.

Mr. and Mrs. E. Noyes, of Seattle, accompanied by the former's mother, Mrs. Noyes, of Naramata, visited for several days last week at the home of Mr. and Mrs. G. C. Hume.

events will be staged.

**Military Program**  
At 3:15 there will commence the biggest single feature of the afternoon, when a company of trained troops from the Vernon (Basic) Training Centre, 110, will arrive through the city streets.

A. C. Sutton, D.S.O., O.C. the Training Centre.

This company, 105 all ranks, will give a demonstration of ordinary squad drill, small arms drill, and bayonet fighting and manoeuvres.

There will be five distinct sections to the military program and this will be the first time in this war that this general public has been given an opportunity to watch such a demonstration in Kelowna.

**Retreat Ceremony**  
For the windup of the military program, the Training Centre company, together with members of D Company, R.M.R. and B Squadron, B.C. Dragoons, Reserve Army, the School Cadets, Canadian Legion, Sea Cadets and B.C. Women's Service Corps will line up in the oval facing the grandstand for the colorful and impressive retreat ceremony.

The Union Jack has been lowered with the Canadian Legion Kelowna branch pipe band playing an important part in the ceremony, the parading units will march past the saluting base, with Lt.-Col. Sutton taking the salute.

It is hoped that the afternoon's program will be concluded with an exhibition of six-man rugby, between teams from Kelowna and Kelowna High Schools.

In the evening, the May Queen and her court will be guests of honor at a banquet at the Royal Anne Hotel and two dances, at the I.O.O.F. Hall and the Aquatic Pavilion, will conclude the festivities.

## MRS. STANBRIDGE BURIED SATURDAY

The funeral service of Mrs. Dorace Clarke Stanbridge, who died on Thursday, May 15th, was held in the Church of St. Michael and All Angels on Saturday, Rev. C. E. Davis officiating.

Mrs. Stanbridge was born in Coventry, England, sixty-five years ago. She married Marshall Stanbridge and they came to Canada about 1905 and settled in New Westminster. Mr. Stanbridge predeceased his wife about eight years ago, and some six years ago Mrs. Stanbridge came to Kelowna to make her home.

One son, T. M. Stanbridge, of Kelowna, and one daughter, Mrs. H. Insley, of New Westminster, survive.

The pall-bearers at the funeral were: H. Walters, M. Hesselgrave, J. Ellis, F. Phillips, J. Harvey and W. Sanborn.

## Parents Of Children With Measles

**Must Keep Them Confined**

Or They Are Liable to Prosecution, states Medical Health Officer

Parents who allow their children who have measles to leave their own premises are liable to prosecution, Dr. J. M. Hershey told The Courier on Tuesday.

The Medical Health Officer stated that some complaints had reached him that some children, who had been sent home from school because they had measles, had been permitted by their parents to range at large, mingling with other children.

He emphatically stated that parents permitting this were putting themselves in a position to be prosecuted. Children with measles must not be permitted to leave their own yard, and other children must be warned that they cannot play with them.

Special emphasis was given by the Medical Health Officer that parents should be particularly careful of pre-school age children, as measles affect them most seriously.

Dr. Hershey pointed out that there had been no placards erected for measles quarantine and the general policy had been to put no more social or economic hardships on the household than necessary, but that did not mean that the parent should not give reasonable protection to the rest of the people.

"Children with measles," Dr. Hershey reiterated, "must be kept within their own yard and must not be allowed to play with other children. I would appreciate immediate advice of any child who should be quarantined running at large. If the facts can be justified, strong action will be taken against the parents."

On this basis, we find that since 1900 there have only been four "normal" years, 1908, 1909, 1914 and 1936.

On the same basis, we find that the "dry" Mays have been 1902, 1903, 1904, 1916, 1919, 1920, 1921, 1922, 1924, 1925, 1927, 1929, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, while the "wet" Mays were 1900, 1901, 1905, 1906, 1907, 1910, 1911, 1912, 1913, 1915, 1917, 1918, 1923, 1926, 1928, 1930, 1940 and 1941.

Noticing the peculiar groups of the dry, wet and normal years, it might be suggested that we have started on a wet cycle of Mays.

The rainfall in the Mays since 1900 follows: 1900, 1.07; 1901, 1.16; 1902, 67; 1903, 22; 1904, 47; 1905, 122; 1906, 204; 1907, 145; 1908, 90; 1909, 33; 1910, 121; 1911, 176; 1912, 142; 1913, 191; 1914, 87; 1915, 2.55; 1916, 34; 1917, 121; 1918, 1.33; 1919, 51; 1920, 20; 1921, 62; 1922, 36; 1923, 1.63; 1924, 26; 1925, 37; 1926, 113; 1927, 81; 1928, 1.54; 1929, 18; 1930, 1.13; 1931, 81; 1932, 0.6; 1933, 37; 1934, 78; 1935, 48; 1936, 91; 1937, 64; 1938, 19; 1939, 34; 1940, 129; 1941, to May 19th, 1.64.

## More About 1 AQUATIC REGATTA

From Page 1, Column 5

ried out in the very near future. Special emphasis in this will be placed on the family membership scheme. A number of young men who have been Aquatic members in the past are now on active service and this curtailment in membership must be overcome. It was pointed out that no other organization in the city was as definitely a community enterprise as the Aquatic Club.

### President's Report

President A. J. Treadgold now being on active service, the report prepared by him was read by Len Leathley. Mr. Treadgold reported: "The various committees worked with great enthusiasm, sparing neither time nor effort in making our 1940 season excel. In my opinion, anything shown in previous years. The whole-hearted support of my fellow directors, and of the Ogo-pogo Swimming Club, the Ladies' Auxiliary and the Rowing Club, was most encouraging throughout the year. It is only through the co-operation of these organizations

that it is possible for our club to make the splendid showing it has done. "The 'Win-the-War' Regatta was a real success. The wonderful sportsmanship and keen competition displayed was a credit to any sports gathering. We were fortunate in having all the citizens behind us in this affair and were able to adjust the war effort approximately \$2,500. In making this report, I would like the organizations and citizens of Kelowna to accept the thanks of the Directors and myself for their support in helping us make the past Regatta worthy of its reputation."

### Financial Report

The financial statement was presented by R. G. Rutherford, who pointed out that the operating loss for the year was \$912.01, but, as the net cash operating deficit was \$200.51. At the present time the club owes outstanding accounts of \$135.00 more than the cash on hand. Two factors contributed to this situation. The first is that the Regatta, which usually goes into the club's treasury, last year was not available as it was sent as a gift to the Dominion Government.

The second factor is that \$1,595.00 was spent last year on new improvements, repairs and maintenance. The large capital expenditure ate into the revenue, leaving a deficit of \$135.00 more than the cash on hand.

### Auxiliary President's Report

Miss Jennie Anderson presented the report of the President of the Ladies Auxiliary, in the absence of the retiring president of that organization, Miss Diana DeHart.

Miss DeHart's report stated that the Fashion Show, held on June 6th, 1940, had been a financial and social success, netting the Club \$45.11. The Auxiliary had turned over \$200 to the Directors to spend on improvements to the club premises. Of this, \$150 had been allotted for the proposed diving stand and a revolving spot light was purchased for the orchestra shell.

A raffle for war savings certificates was sponsored prior to and during the "Win-the-War" Regatta, taking in \$644.85, \$217 of which went into prizes.

A day nursery was operated during the afternoon of the Regatta and did not prove to be successful. Miss DeHart expressed the opinion that, with lower rates and more advertising, it should prove popular another year.

The billeting of the contestants and of the Wenatchee band was handled by the Auxiliary. The women contestants and visitors to the Regatta were entertained at a buffet supper held at the Aquatic lounge on the Thursday evening. Members

## GARAGE PERMIT IS REFUSED BY COUNCIL KELOWNA SUPPORTS D.S. MOVE

Refuses to Allow L. L. Kerry to Build Garage on Street—May Appeal

The City Council refused on Monday night to grant a building permit to L. L. Kerry to erect a garage at the street line on his property at 378 Abbott Street.

The building bylaw stipulates that a garage must not be closer to the front of the lot than the front wall of the house. The Council was unanimous in refusing the permit. Mr. Kerry now has the right to take his case to the Board of Appeal and indicates that he will do so.

Mr. Kerry states that it is impossible for him to follow the building bylaw as there is not room available to erect a garage as far back at the house. The other available place is on a slight incline but this is not suitable for a garage, Mr. Kerry states, as in slippery weather it is impossible to get up the grade without chains which are never used in city driving.

A slight difference in viewpoint was evident in the discussion as the Council had refused a building permit to build a garage on the street line while Mr. Kerry maintained he was appealing against the Council's ruling that he must build his garage as far back as his house.

of the Auxiliary provided and arranged the flowers in the dance hall throughout the season. After paying all expenses, there remained a bank balance of \$62.81, but subsequently the Directors of the Aquatic were loaned \$40.00 at six per cent interest.

All Auxiliary funds eventually find their way to the Association's treasury and thus assist the war effort.

### Report of Secretary-Manager

Secretary-Manager R. F. Parkinson reported: "On comparing revenues and expenditures of the past season with the previous few years, we are glad to report that, in spite of war conditions, revenues held up well during the year 1940.

"We continued our policy of putting all profits into improvements on the grounds, and we feel that these repairs and improvements have done much to improve the facilities of our Club. We made mention of the fact last year of what money had been used for improvements and, taking in the year 1940, during the past eight years over \$9,000.00 has been expended on this work.

"The old tea house was moved into the Park, the old wire fence taken down, and a new entrance and sidewalk built. A rock wall was put up in place of the old fence, and today this presents a very much improved appearance. Considerable work was done to the grounds and the entire lawn was replanted. The Ladies' Auxiliary gave our Directors \$200.00 with which to build a new Regatta Club on the lake side of the Aquatic from the Rowing Club building to the Ladies' dressing rooms. This was one of the greatest improvements that has been made for the past few years. A series of rafters were built along the same idea as the swimming pool, in which our own boats and those stored at the Aquatic were moored. The wharf was extended another twelve feet into the lake, as the lake is gradually filling in at this point.

"All Club activities during the year were well supported by our members. Swimming classes for youngsters were held regularly, and by the end of the season many new swimmers had been developed. One thing that always impresses visitors to our city is the finish and expertness of our swimmers from tiny tots to seniors, which fact speaks for the skill of the swimmers who have carried on these swimming classes over a period of years. Two of our lifeguards are now in the Royal Canadian Air Force, and we wish Don Poole and Jack Longley the best of luck and happy landings.

"The advisability of holding a Regatta during 1940, due to the financial responsibility involved in a war year, was carefully considered by our Directors. It was finally suggested that the Regatta be held as a community effort and that all profits be devoted to Canada's war effort. A large number of local organizations were gathered into a meeting and the enthusiasm shown by their representatives convinced the Directors that a 'Win the War' Regatta should be gone ahead with.

"You all know the wonderful success that was achieved when, in total, an amount of \$2,500.00 was turned over to the Minister of Finance at Ottawa. Our Regatta was one of the biggest we have ever held, both in attendance and spectators and in the number of athletes competing. A tremendous amount of work was done by the local clubs who took over much of the organization of midways, night attractions and entertainers. Our thanks are especially due to these organizations and their representatives, and, as the list is so large, I will not attempt to mention names at this time.

"No prizes were given as in the past but, instead, winners were presented with ribbons marked 'Kelowna Win the War Regatta 1940'.

"I wish to pay tribute to the athletes who competed in any of these events. Both local and out-of-town competitors considered it an honor and privilege to help out in Canada's war effort, and the thanks of our Association must go to these athletes.

"A special feature of the Regatta was the visit of the Rocky Mountain Rangers Active Service Band. This fine musical aggregation did much to liven up the Regatta and was certainly appreciated by all citizens. Our thanks are again due to the Wenatchee Chamber of Commerce for sending the Junior Eagle Drum Corps to visit us again. This pep band is always welcome in Kelowna. In our rowing events we had crews from Seattle and Vancouver and competition was most keen. Swimmers in large numbers from Vancouver, Victoria, Seattle and other American cities made competition the finest we have ever had.

"Many special attractions such as the massed military parade, the

Board of Trade Urges Provincial Government to Take Action—Will Sponsor Victory Loan Dinner

Kelowna Board of Trade has gone on record as favoring the inauguration of daylight saving time on a provincial-wide basis and has forwarded a resolution to the provincial government urging the adoption of "fast" time on this basis. Other Okanagan boards as well as the Vancouver board have been sent copies of the resolution.

This action was taken following a discussion of the subject at a dinner given to the members of the executive and the City Council by R. G. Rutherford, President of the board, at the Royal Anne on Friday evening.

The dinner was the customary "President's dinner" which is given annually by the President of the board. The affair is the President's personal responsibility. It takes the form of an informal chat between

monster naval pageant, the Lady of the Lake ceremony, and the burning of Hitler with war savings certificates were enjoyed by huge crowds.

"The Ladies' Aquatic Auxiliary has, as usual, given our Directors a wonderful amount of help, and it is almost impossible to express in words the fine work that this Auxiliary has done since it was organized.

"Since last season, a large number of young men have offered their services to their country, and in some cases their families have left town. This, together with other war conditions, will undoubtedly reduce revenues during the coming season. For this reason, it will be necessary to curtail expenditures to the very limit so that the Club will not go in the hole during the war years. With so many young people away, we must expect that those left behind will support this organization by taking out membership during the coming season. And I would urge all persons, whether they use the facilities of the Club or not, to support this organization, which operates for the City of Kelowna the finest attraction that any small city in British Columbia and many other provinces can boast of.

"In closing, I would like to give special thanks to our staff for their hard work and co-operation; to the City Council, and in particular to City Engineer Harry Blakeborough, for their fine co-operation; to Mr. MacLean, of the Kelowna Courier, for the publicity given at all times; to Mr. Kerry, of the Capital News, for his co-operation and publicity; to Mr. Jim Browne, of CKOV, for arranging to have Jack Peach, special events commentator of the C.B.C., here during the Regatta to give a commentary on our program each day, telling the world at large what was going on in this Aquatic-minded city; to the Rowing Club, the Ogo-pogo Swimming Club, the Rowing Club paddlers for their cheerful assistance, and to the many persons, too numerous to be named here, who assisted us during the 'Win the War' Regatta, and to the local gentlemen who so kindly donated \$400.00 worth of War Savings Certificates to be used for Regatta raffle prizes and other attractions."

the members of the board of trade executive and the City Council. Seventeen were present on Friday evening.

At the same meeting the board decided to sponsor a public dinner to be held at the Victoria Loan campaign, at which Major Harold Brown, of Vancouver, will be the guest speaker. The dinner will be at the Royal Anne on Thursday, June 5th.

Although the members of the board and the City Council were guests of the President of the board, they did not get off scot-free in a monetary sense. Alderman J. J. Ladd, Chairman of the Publicity Committee of the Victory Loan, spoke at some length of the desirability of the school children having flags for the May 24th parade, and made such a strong case that a fund was started immediately, the minimum assessment being one dollar per person.

It is an easy conscience and not an easy bed that brings the most restful sleep.

## THE EIGHTH DECENNIAL

# Census of Canada June 2, 1941

THE Census is the stock-taking of the nation — of its men, women, and children; its agriculture, trade, and industry; its housing, and general social condition. By it, all Governments, — Dominion, Provincial and Municipal — are enabled to work more effectively and economically in the interest of every resident of the Dominion.

IN these days of increasing Government responsibilities, no Government can give the best service unless it has detailed and accurate knowledge of the people and their varying circumstances. That is why we request the co-operation of all Canadian citizens in the taking of the Census. When the Government's Enumerator calls at your door, receive him courteously and give him all the information for which he asks. Remember that he is in your service. Accuracy and despatch in your replies will promote good administration in your country, now under stress of war and facing crucial post-war reconstruction.

### ALL INFORMATION SUPPLIED HELD STRICTLY CONFIDENTIAL

You can place absolute trust in the official Enumerator, who is sworn to secrecy. All the information which you provide will be held in strictest confidence both by him and the Dominion Bureau of Statistics, and can never be used against you by any tax-collecting, military, or other agency, or in any court of law.

It is compulsory by law to answer the questions, but you will be assisting your Government in these difficult times by giving the information readily and accurately in the spirit of good citizenship.

Issued by authority of The Honourable JAMES A. MacKINNON, M.P., Minister.

DOMINION BUREAU OF STATISTICS - DEPT. OF TRADE AND COMMERCE

This is Canada's call to YOU! Men are now wanted to man the guns, tanks, armoured units; all the implements of modern warfare which the factories are producing in mounting volume.

It is a different war this time. When we licked the Hun before, men were recruited here to train in England, to fight in France. Now you are recruited and trained here; then go Overseas to join the stalwarts holding battle positions on the shores of Old England, or wherever the call demands.

The Canadian Active Army requires men for Artillery, Engineers, Signals, Armoured Cars, Tanks, Infantry, Transport and Supply, Medical, Ordnance and other branches of the Service. The Army is prepared to teach many trades, and to train you to efficiently handle Canada's weapons of war.

Go to your nearest District Recruiting Office.

Find out about these Units; how they work, what they do. See just where you'll fit in. See where any particular skill you possess can best be utilized. Then join up for ACTION.

### RATES OF PAY IN THE RANKS

\$1.30 per Day with Board, Lodging, Clothing, Medical and Dental care provided. EXTRA: (1) Rates varying from 25¢ to 75¢ per day for skilled tradesmen while employed. (2) Dependent Allowances in Cash.

TO VACATECity Warns I. Szabo That  
Woodshed Cannot be Used  
as House

The City Council on Monday night was advised by the City Solicitor that he had written Imre Szabo that a woodshed on lot 25, r.p. 645, St. Paul Street, was being used as a house and, as this is contrary to the fire limits and building regulation bylaw, the woodshed must be vacated within two weeks. The Council approved of the action.

E. J. Edgell wrote the City Council that the cabin situated on block 4, r.p. 1395, was no longer being used as a dwelling and that therefore it would not be necessary to construct the brick chimney as she had been advised by the Building Inspector.

## LETTERS TO THE EDITOR

THE TORCH IS HANDED DOWN

Kelowna, B.C.  
May 19th, 1941.

To the Editor,

The Kelowna Courier.

To the Youth of the Okanagan  
Col. Ralston in his recent broadcast asked the veterans of the Great War to do all they could to help recruiting for the fighting units and to tell you what we did at that time to speak to you of Vimy and the Somme.

It would be easy for me to describe to you countless deeds of bravery and to write of the appalling conditions which arose in the last war, from the mud and cold of Flanders to the relentless heat and dust of Mesopotamia, of gas which stifled us and the heavy artillery barrages which shook the whole earth and blew hillsides away as if they had been made of paper. I could write of Kut and the crossing of the Diala, of the sick and wounded, of life and death and in the end Victory, a victory which was won to make the Empire, Canada, and your own Okanagan Valley a fit place for you to live in, but I hardly think it necessary for me to write of these things at the moment, and surely we can get no more magnificent example of courage and heroism than the deeds being performed daily by those of our nation who are taking part in the present war.

There are, however, some remarks which I would like to make. The call has gone out for 30,000 men for our fighting units! This is only a beginning as the waste of war is enormous and heavy reinforcements will be necessary from time to time to keep our forces up to strength. Now is the time for every able-bodied man of military age to consider the matter deeply and to say to himself "What am I doing to help those who have already gone to fight for the Empire?"

The Okanagan has done well up to the present but it was only natural that the best of the youth of

our country and those holding the highest ideals of loyalty should have been the first to go, but many of you are hesitating now and it is to these that I address this letter and I appeal to those of you who are holding back or who are waiting to see whether you will really have to go, to come forward now and join one of our fighting units and back up those who have already gone. They cannot shoulder the whole burden without your help and let me tell you from the bitter experience of the last war that the most terrible situation an officer or man has to face is the lack of reinforcements.

I was told a few days ago by a senior officer in the Canadian Forces that the voluntary system of recruiting in the interior is not a success and that the number of men coming forward for the local units was very disappointing. It is tragic for those of us who answered the call in 1914 to know that such a condition can exist amongst us today. We left our homes, our orchards and all that we held dear to us to fight for our Empire and to make this country a safe and secure land for our sons to live in. We fought that you could enjoy the privilege of making your home within a free British Empire. For the last twenty-three years you have been reaping the reward of our patriotism, you have had all the advantages of being brought up in a land where peace and freedom reigned; you have had the blessing of a good education and have grown up in a land of plenty amidst the surroundings of a quiet and peaceful home, and it is your turn now to stand by us and by the Empire in its time of need and to put every ounce of effort you have to support those who have already gone.

"Each standing where the other stood—the instant that he fell." Now is the time for you to show your gratitude to the veterans and here is your opportunity to repay the debt of gratitude you owe to

those who fought and died for you in the Great War.

We veterans are just as loyal today as we were in 1914 and every bit as ready to serve the Empire but the majority of us are too old or physically unable to serve overseas—that we are doing our utmost is evident from the scattering of medals ribbons to be seen in our fighting units throughout Canada and remember that practically all of these had to give "an army age" in order to get in under the age limit.

But let me return to you—I see numbers of strong, husky men working in our orchards today, the stores are full of young men of military age, in our banks and offices there are plenty of young men who could easily be spared and their places filled by older men or girls as they were in the last war. Unfortunately some of these have no idea of serving at all, some are content to wait and try and get into one of the branches of the service devoted to mechanical or technical work where higher rates of pay and safer conditions existing in these units appeal to them. True, the call has in the past been to a certain extent for skilled workmen but there are numbers of strong young men who could easily have joined one of our fighting units and left the mechanical part of it to those whose age makes them more suitable for this form of employment. Remember when the war is over you will never regret having been in the front line and will look back with pride and pleasure to the fact that you served in a fighting unit.

Not so very long ago I read with disgust and surprise an account in "The Courier" of a meeting of the local Motorcycle Club and a description of how these youths had "planned a splendid program of events for the coming year"—picnics, rides round the lake, competitions, pleasure outings and "a most enjoyable round of festivities." There was no mention made of how they might help in the war, no thought of how they could serve their country. One would have thought that here was a golden opportunity for them to enlist as a body in the 5th Motorcycle Regiment and grasp the opportunity to

show their loyalty by turning over the experience they had gained from their hobby to the immediate service of the Empire. Two or three of them joined this unit and we honor them, nearly all the remainder waited until they were conscripted or who preferred to join the army. Has not the time arrived and is indeed past when you young men should realize that we are in the midst of a life and death struggle, not only for the freedom of our Empire but for the very existence of Canada itself and for the preservation of the country you live in and the land where in the near future you hope to bring up your children.

I asked a man who was spraying for me this week, "Why do you not join the army? How old are you?" and when he told me I said, "You ought to go." To my utter amazement he replied in an astonished voice "Why should I? Why don't these Germans and Japs go?" And after some further remarks, in order to punish me for even suggesting that he should help his country he said "You can do your spraying yourself" and walked off. That is not, of course, the spirit of the men who won the last war nor of those who are going to win this one. It is extremely difficult to understand the mentality of people of this description but I give you this example of what is going on amongst us because I want to say to you: Never mind who others have not gone, (some of them will make every feeble excuse under the sun for not going) let them bear the shame, theirs is the dishonor; rather say to yourselves "What am I doing in this war. Should I not go and help?" Some of you have, I know, already tried and have been disappointed. To you I would say "Try Again," the army is better organized now and the confusion and incompetence so noticeable in the early days of the war has gradually given place to more orderly and efficient methods.

We, the veterans of the Great War, have thrown the torch to you. See that you pick it up and hold it high. You must not, you cannot and I am sure you will not fail us. Surely you will not let it be said that you are breaking faith with our dead comrades of the last war no less than with those who have already made the supreme sacrifice in the present struggle. So long as you hold back for one reason or another, so long shall we hear the echo of their cry to us from our glorious dead, from the poppy fields of Flanders to the far distant desert wastes of Mesopotamia and from those whose last berth lies in the seven seas. "Have we been forgotten? Has our example been in vain?"

"On the sand-drift, on the veldt side, in the fern scrub we lay, That our sons might follow after by the bones on the way. Follow after, follow after, For the harvest is sown; By the bones about the wayside 'Ye shall come to your own!'"

CLAUDE H. TAYLOR (Capt.),  
late Special Reserve of Officers  
British Army.

JUNIOR BAND  
GROUP NEEDS  
MORE MEMBERS

Band Association in Need of  
Larger Membership, Retiring  
President States—Directors  
Elected, Position Considered

At the annual meeting of the Kelowna Junior Band Association, held on Friday last, L. B. Stubbs, James McLeor, D. Chapman, Mrs. C. B. Goldsmith, Mrs. M. E. Wyrzykowski, Cecil Moore, W. E. Maxson, G. Thornber, W. Cowie and Ben Hoy were elected as directors for the coming year.

The President, Vice-President and Secretary will be elected from this number by the directors themselves at a subsequent meeting. R. G. Rutherford was appointed Treasurer and C. H. King, Auditor.

The financial statement as presented showed a balance in the bank of \$159.13, which is \$30.77 more than last year. The total revenue for the year was \$518.77 with expenditures of \$488.00. The violin raffle and auction netted \$73.50, this item being responsible for the increase in revenue.

The meeting was poorly attended and no new business was considered excepting an amendment to the constitution which provides that guardians of band members paying regular fees for instruction shall automatically be member of the association.

Mr. Hoy, as President of the association, in his report pointed out that the association had been organized five years and had made good progress, but last year there was a marked decrease in paid membership in the association. Under the present setup there must be an association or some other constituted body to guide the destinies of the band and ensure its continuity. Without membership there can be no association.

Mr. Hoy reported that the band gave four concerts in the city park; on July 1st it played at the celebration in Lumby; two concerts were given in the school auditorium and a street concert was given during Christmas week; in addition the band played at functions of the Knights of Columbus, the Orchard City Lodge, Gyro 24th of May celebration, Kelowna Board of Trade and at many of the box lacrosse games and at various functions in the parade during Cleanup Week.

A violin had been donated to the band by Mrs. D. Crawford, Mr. Hoy reported. This had been raffled and netted \$52.80. It was won by Mr. J. McLeod, who immediately put it up for auction, selling it for \$21.00, which he donated to the band.

This spring the ladies of the association executive, under the leadership of Mrs. Goldsmith, arranged a dinner and party in the W.I. Hall for the members of the band. It was a decided success.

At the musical festival held in Kelowna during last year, the band competed against the Penticton Senior band and was defeated by only two points. While there was no competition in junior bands or in some of the numbers in which the band members competed, in all cases they made a good showing and were complimented by the adjudicator.

"BLOOD...TOIL...  
TEARS and SWEAT"

This is a war for existence. It is war to the death. It is a war to win or to lose.

There can be no half way—no compromise. It is a war to WIN.

Money is the fourth arm of the service.

Whatever you are called on to pay or to lend, it is little compared to the lives that our sons offer.

There have been many and heavy calls upon Canada already.

There will be more.

Let us face the truth and the truth will make us free.

It is freedom we are fighting for, British freedom, the freedom of body and spirit that makes life worth living.

If we fail, we fall.

Be prepared for sacrifice.

Great Britain has set us an example on a scale of heroic magnificence history doesn't record.

Let us FIGHT!

Canada has the resources. Let us spare nothing. When our soldiers offer their lives, let us be willing to share our livelihood.

Presently the Government of Canada will call for money.

The money is here.

We are spending billions. We are already heavily taxed. But most of these billions and those taxes are being spent in Canada. That money comes back to you. Keep it rolling. Keep putting it back into the war effort, so that it may be spent again and again and again until Right prevails and the world is free.

FIGHT...WORK...PAY

Canada must be Free

## TAKES OFF GRIME WITHOUT SCOURING

NO need for hard rubbing and scrubbing when you use a solution of Gillett's Pure Flake Lye. It cuts right through grease, clears clogged drains, keeps out-houses sanitary and odorless, scours pots and pans, takes the hard work out of heavy cleaning. Keep a tin always handy.

FREE BOOKLET - The Gillett's Lye Booklet tells how this powerful cleanser clears clogged drains, keeps out-houses clean and odorless by destroying the contents of the drain. It performs dozens of tasks. Send for a free copy to: Gillett's, 212 Strathcona Ave. and Liberty Street, Toronto, Ont.

"Never dissolve lye in hot water. The action of the lye itself heats the water."

## APPLE TREES IN CITY SHOULD COME OUT

A. K. Loyd Explains To City Council Why Apple Trees In City Are Detrimental To Fruit Industry.

The stand taken by the Kelowna City Council, that all fruit trees which serve as a breeding place for codling moth should be removed from within the city limits, has created some discussion, to which A. K. Loyd, president of the Okanagan Fruit Growers' Association, has made a valuable contribution.

It will be remembered that the Kelowna Council gave the lead some weeks ago in deciding that the present system of spraying would be abandoned, and that all citizens would be urged to remove their apple trees at the earliest possible moment.

In discussing the matter, Mr. Loyd stated: "In reference to our conversation concerning restriction on the growing of apples and pears within the city as a contribution by the Council to reduction in the codling moth hazard:

"For several years now the menace from this pest has become increasingly grave in the Okanagan. In Wenatchee, as you know, thousands of acres have finally had to be sacrificed because the grower simply could not stand the expense of protecting his crops from this pest. In addition, the land itself in many cases has been ruined by application of chemical spray material to an extent where it would no longer grow normal crops of any kind. The B.C.F.G.A. has continuously advocated that the Okanagan towns and cities adopt a progressive attitude on this matter and insist that their citizens can beautify their homes just as well with trees unaffected by the pest threat as by planting apple trees and further increasing it."

"The Dominion Government and the Provincial Government spend many thousands of dollars yearly in assisting and instructing growers in their efforts to combat this extremely dangerous menace, and it seems logical that the completion of such a program and its continuous operation should not be hampered by the argument that in many communities in the Valley a breeding spot is allowed to remain, in spite of the best efforts of the municipalities, from whence further spread of the pest may be expected."

"It is quite true that growers as a whole, either through lack of means or even through carelessness, do not adopt the best methods for the campaign, but two wrongs do not make a right, and measures can be taken to force them to comply with orchard sanitation. The average flight and spread of codling moth is not great. They are a slow-moving, little moth, which works from start to finish in the dark and has no great powers of flight, but containers of all kinds and gifts from one neighbor to another very soon spread the infection in an ever-widening circle. The grower has no option but to continue to grow his fruit and do his best to overcome his handicap. The citizen in the town, on the other hand, has a very wide choice of fruit and foliage with which he can enhance the value of his property and increase its beauty."

"We are inclined to think that in adopting measures which, generally speaking, will be sincerely appreciated by the growers, the city's responsibility, provided that he takes, on his own initiative, proper measures to keep them clean. "The argument that the unfortunate citizen may not be able to obtain supplies of apples, hardly seems to me to bear very much weight. Surely in districts such as ours, where we produce from five to six million boxes a year, to say nothing of fruit which is grown in reason is below grade, there must be a supply available if the citizen himself will look just around the corner and make sure that he obtains it. I know of very few orchards who would not be willing at any time during the picking season to sell at an extremely reasonable price to any applicant sufficient for his use during the winter and spring, particularly if he does so they could add a little more to the general drive to control codling moth."

"Mr. Ben Hoy, the local Horticulturist, or Dr. James Marshall, of the Vernon Entomological Branch, would be very willing to give you further facts supporting the contention outlined above. At two successive B.C.F.G.A. conventions Dr. Marshall has been extremely outspoken on the tremendous, overshadowing menace of this particular pest, and I know that the B.C.F.G.A., to whom I am sending a copy of this letter, would thoroughly appreciate the co-operation of the cities, if possible without undue inconvenience to their citizens, in contributing their bit in the general campaign."

## Mrs. Esther Fraser Heads Rebekah District Association of Okanagan

Kelowna Woman Selected at Semi-Annual Session in Penticton - Oddfellows Also Confer and Select Officers

Mrs. Esther A. Fraser, of Kelowna, was named President of the Okanagan Rebekah District Association No. 1 at its semi-annual conference in Penticton on Thursday, May 8, in conjunction with the Oddfellows' District No. 1 session. These sessions precede the annual Grand Lodge conventions to be held this year at New Westminster.

These two district associations reported on their activities and showed that they are striving to maintain the principles of good citizenship which have denoted the orders throughout their long history and are preparing for the "aftermath" of the present struggle.

Oddfellows and Rebekahs from Armstrong to Penticton were present for the gatherings. There were nearly seventy Rebekahs present.

The special meeting of the Rebekahs was opened in regular form, with the Penticton Noble Grand, Mrs. H. O. Rorke, presiding and was then turned over to the District President, Mrs. F. A. MacKinnon, also of Penticton.

On Mrs. MacKinnon's birthday, a bouquet being presented to her, betokening this. The upper hall had been decorated with baskets of spring flowers and formed a beautiful setting for the exemplification of the Rebekah degree. This was done by a picked team of seven members from Kelowna, who, in pastel-colored gowns of floor length, gave a new interpretation of the familiar ritual. The work was done on short notice and with few practices, and Kelowna's degree captain, Mrs. A. Bannister, was congratulated on such an outstanding performance to the afternoon's performance was a timely address by Mrs. Stella Matson, a Past President of British Columbia's Rebekah Assembly, who officially welcomed the members and left a message for further thought with them. The flag ceremony was performed by Vernon sisters. All officers of the association and members of special committees for the day welcomed the members and left a message for further thought with them. The flag ceremony was performed by Vernon sisters. All officers of the association and members of special committees for the day welcomed the members and left a message for further thought with them.

A recess was called for the visitation of the Oddfellows' committee, when Past Grand Master G. J. Scott left a message for continuing the splendid war contributions made by all branches of the order in the fall, which he followed with a scheme for aid to the soldiers on their return from the war, and also some remarks on moral education now considered by the Grand officials.

**Lodge Reports**  
Following the adjournment for banquet, the meeting resumed in the lower hall, where some splendid reports on lodge activities in the last six months were submitted. Vernon told of helping in the war effort by contribution, knitting, assisting when needed at Vernon's Dug-out, the recreation hall for the soldiers in camp; besides other social activity. Kelowna members have been very active with Red Cross sewing and knitting, canvassing, and also raising funds for war, hospital and Preventorium.

Faith lodge, for Summerland, reported on their hospital and Christmas activities, a shower for a member whose home had been destroyed by fire, and also their war work. Penticton showed generous contributions also to war efforts, donations of many pairs of knitted socks through the newly-formed Past Noble Grand's Club, aid to hospital and lodge charities, and social doings. All lodges claimed gain in membership.

**Oddfellows Meet**

Several matters concerning the

Dominion war effort, and also the welfare of the lodge during the present troubled period, were brought up at the sessions of the Oddfellows.

The Oddfellows held a business meeting in the afternoon, reviewing many matters pertaining to the lodge as a whole, and to the Okanagan in particular. Later, both Oddfellows and Rebekahs attended a dinner in the United Church lower auditorium, returning to the hall for the evening session.

High point of the day, for the men's lodge, was the degree competition, in which the Vernon lodge, Vernon Valley No. 18, competed with Okanagan Lodge No. 58, Summerland, for the Okanagan Valley Shield. The Vernon lodge won this award, barely edging out their opponents, the former holders of the trophy. At the conclusion of the evening session, a dance was held in the main hall.

Officially opened at 2:45 on Thursday afternoon, with E. E. Carder, Penticton, Deputy District Grand Master, officiating as Noble Grand of Penticton Lodge No. 51, the session was immediately turned over to the district association, with W. J. Oatley, President, of Vernon, in the chair. Other officers of the session were: J. Dunsdon, Summerland, Past President; R. P. Bawlinheimer, Armstrong, Vice-President; and W. N. Galbraith, Vernon, as Secretary-Treasurer.

**Steps Chosen**  
A credentials committee consisting of L. R. Stephens, Kelowna; E. E. Carder, Penticton, and R. H. Woods, Vernon, was appointed, and after their report, the regular committee were named. Then fraternal delegates visited the Rebekah session, those performing this task being: George J. Scott, P.G.M., of Vernon; L. R. Stephens, Kelowna; E. E. Carder, Penticton, and W. C. Clark, Summerland. A group from the Rebekahs returned the call.

One vital matter that was brought before the meeting will be carried to the grand lodge sessions. V. Pellet, gave a short talk on moral education, recommending that a resolution covering this should be taken to grand lodge. His suggestion was adopted with enthusiasm, the lodge members indicating the need of this step not only now, but even in the future, when the war is ended.

The invitation of Vernon to hold the next district meeting there, advanced by E. G. Sherwood, was accepted. This session will be held on Thursday, November 14.

**Officers Elected**  
Oddfellows: R. P. Bawlinheimer, Armstrong, President; E. I. Brinson, Penticton, Secretary-Treasurer. Judges, Oddfellows degree competition: L. R. Stephens, P. Harding, Kelowna; V. Pellet, Armstrong; C. Chapman, W. Coffey, H. A. Rorke, E. E. Carder, K. P. Simpson, Penticton.

Special committees, Oddfellows: Finance, C. Fullford, W. Coffey, W. O. Clark; correspondence, H. Tomlin, E. E. Carder, P. Harding; resolutions, L. R. Stephens, E. Sherwood, J. Funk.

Kelowna delegates included Mrs. B. Rawlings, Mrs. K. Smith, Mrs. Hilda Ross, Mrs. I. Bannister, Mrs. Edith M. Granger, Mrs. Esther A. Fraser, Mrs. H. Taggart, Mrs. Eve Rankin, Mrs. R. Black, Mrs. M. Sanger, Mrs. Hilda Tutt, Mrs. A. Hughes, Miss A. K. Loomer, L. R. Stephens, P. Harding, W. Orr.

## LIGHTER FLUID NOT TO BE MAILED

Post Office Warns Public Against Prevalent Practice

Despite the recent warning given against including inflammable substances in the mails, Hon. William P. Mulock, K.C., Postmaster General, states that this dangerous and illegal practice is still continuing. Although the Canadian Postal

## LOVERS OF FLOWERS TO HAVE TREAT

Summerland Experimental Station to Hold Flower Lovers Day—Paeony Show

Garden enthusiasts will be interested to learn that the spacious grounds of the Summerland Experimental Station are especially beautiful this spring. The recent rains have put the extensive lawns in excellent condition. Furthermore, the perennial borders and formal beds are gay with bloom. There is a fine showing of iris, paeonies and roses, and the rockeries

Corps authorities report that the recent warning against enclosing matches in soldiers' parcels has evidently had the desired effect, cigarette lighter fluid is still being mailed in considerable quantities, and on one single day this month eight tins, which had been listed on the accompanying Customs declaration forms, were removed from parcels at the Base Post Office, Ottawa.

The public are advised that cigarette lighter fluid must not be sent through the mails. The danger of doing so, especially under war time conditions, must be apparent, for, should this substance ignite, it might cause great loss to the mails or postal premises and, if in transit, to the mail train or ship, as well as injury to postal employees. Some weeks ago, attention was directed to the fire hazard caused by matches which had ignited in a parcel already sorted into a mail bag at the Base Post Office.

Postal Regulations prohibit the mailing of any inflammable, explosive, dangerous or destructive substance or liquid, or any matter, etc., likely to injure any letter or other mailable matter, or the person of any officer or servant of the Post Office. Public co-operation is solicited in helping the Canadian Postal Corps safeguard the mails.

Modern placer mining in the Yukon

From the gold fields of the Yukon to the gypsum plants of Nova Scotia, the Bank of Montreal is co-operating with Canadian MINING, by providing its various enterprises with the efficient, specialized forms of banking service each requires.

Thousands of workers in Canadian mines, smelting plants and allied industries, are among the owners of our million deposit accounts. Many of our branches are well located for their convenience.

## Hither and Yon

Friends in Kelowna will be interested to learn of the recent announcement from Bowral, N.S.W. Australia, of the engagement of Sylvia, daughter of Mr. and Mrs. A. W. Kriehley, to Adrian Quest, the well-known Davis Cup tennis star.

A wedding of interest in the Okanagan was celebrated quietly at 5:00 o'clock on Saturday afternoon, May 10th, in the Chapel of All Saints' Church, Vernon, when Miss Janet dePencier Clarke, third daughter of Mr. and Mrs. Jervis Clarke, of Vernon, and Donald French Crawshaw, only son of Mrs. Crawshaw, of Vancouver, and the late James Crawshaw, were united in marriage by Rev. H. C. B. Gibson.

Miss Grace Hershfield, of the Kelowna Hospital staff, left on Sunday to spend a holiday at the Coast.

Mrs. G. A. McKay left on Sunday for the Coast.

Mrs. P. B. Willits and Dr. Reba Willits left on Sunday, by motor, to spend a week's holiday in Vancouver.

Miss Doris Leathley returned on Saturday from a holiday at the Coast.

Miss Eleanor Palmer has returned from a two-week holiday spent at the Coast.

Miss Margaret Crumby, of Victoria, is spending a holiday in Kelowna, a guest of the Willow Inn.

Mrs. R. E. Homer-Dixon (nee Margaret Taylor) who had been visiting her parents, Mrs. and Mr. J. Taylor, left on Sunday for Vancouver.

Miss Norma Taylor has a tea hostess Thursday afternoon, when she entertained friends at the Royal Anne Hotel.

Mrs. Rex Lupton left on Friday for Brockville, Ont., where she will join her husband, Sec. Lt. R. Lupton, who is stationed there with the 9th Armored Regiment.

Mrs. H. Bedell and her two children, who had been visiting the former's parents, Mr. and Mrs. F. A. Browne, for the past two months, left on Friday for Montreal, where they will join Mr. Bedell.

Mrs. H. B. Everard was a luncheon hostess on Saturday, entertaining at the Royal Anne Hotel.

The wedding of Mrs. Laura Bertha Anderson and Mr. James Dixon Halsey, both of Vancouver, took place at St. Paul's United Church, Princeton, B.C., on Friday, May 9, the Rev. J. C. Goodfellow officiating.

Dr. and Mrs. J. E. Wright, of Saskatoon, formerly of Kelowna, were visitors in town on Monday, en route to Toronto, where they will visit their son, Ned.

Mr. and Mrs. G. L. Dore have returned from a holiday spent in Regina and other prairie points.

Mrs. R. P. "Tiny" Walrod left on Wednesday, by motor, for Vancouver, where she will spend a week's holiday.

Mr. and Mrs. James Purvis entertained at the dinner hour on Monday evening at their home on Bernard Avenue, on the occasion of their eighth wedding anniversary.

Mr. and Mrs. T. M. Ryall left on Monday evening for the coast, where they will visit at various points for the next six weeks.

Graham Ross, of Vancouver, representative of the B.C. Fire Underwriters Association, was a visitor in Kelowna last week.

Milton Bailey left on Sunday to spend a week's holiday at the Coast.

Mrs. Lloyd Bassett (nee Eileen Conway) and her little son, Michael, arrived in Kelowna on Sunday from their home in Victoria, to spend a holiday with Mrs. Bassett's parents, Mr. and Mrs. J. R. Conway.

Mr. and Mrs. C. Hubbard arrived home on Monday from a holiday at the Coast. They attended the Rotary convention at Victoria.

Mrs. J. N. Cushing has had as her house guest Miss N. Neilson, of New Westminster.

Mr. and Mrs. Laurie Scott have had as their house guest for the past month Mrs. Les Kirkbride, of Nanaimo.

Mrs. Harold Johnston entertained at two tables of bridge on Wednesday evening, at her home on Leon Avenue, honoring Mrs. Lloyd Bassett, of Victoria.

## REBECCA L. BROWN PASSES IN HER NINETY-SIXTH YEAR

Lived in Kelowna Since 1913 —Born in King's County, Nova Scotia

An unusually long span of life came to an end on Monday morning, May 19th, with the passing of Mrs. Rebecca L. Brown, who was in her ninety-sixth year.

Mrs. Brown, nee Rebecca L. Withers, was born at Somerset, King's County, Nova Scotia, and married Joseph Benjamin Brown, who preceded her at Halifax in 1903. She was a member of the United Church.

In 1913 Mrs. Brown came to Kelowna to reside with her son, L. O. Brown, 115 Stockwell Avenue. One daughter, Mrs. T. E. Cooper, resides in this city, while another daughter, Mrs. H. G. Bowser, formerly of Kelowna, lives in Halifax, and a son, R. B. Brown, resides in St. John's, Newfoundland.

The funeral service was held at the family residence on Tuesday afternoon, May 20th, Rev. D. MacNab officiating in the absence of Rev. Dr. W. W. McPherson. Interment was made in the Kelowna Cemetery.

The pall-bearers were: W. Lloyd Jones, Walter Fuller, William Fuller, J. M. Jones, B. Parfitt and W. Greening.

## FRIENDS HONOR DR. A. S. UNDERHILL

Dr. A. S. Underhill, who left on Sunday morning to join the Royal Canadian Air Force Medical Corps, was given a short farewell by members of the Kelowna Gyro Club on Friday afternoon at S. M. Simpson Ltd. office. Gyro T. F. McWilliams, on behalf of the club, presented the departing member with a traveling clock and wished him good speed. On behalf of Kelowna Winery Ltd., President W. A. C. Bennett made a presentation on this occasion. Dr. Underhill is the immediate Past President of the Kelowna Gyro Club and has been a director of the Winery since its inception.

## AUXILIARY PLANS FASHION SHOW

The Aquatic Ladies Auxiliary held its regular meeting on Tuesday evening in the Aquatic Lounge, when further plans were made for the club's Fashion Show and tea, to be held on Thursday afternoon, June 5th.

The committee conveners gave reports on the plans already made, and this promises to be one of the most outstanding affairs of the season. Mrs. D. McDougall will act as commentator.

**COOKING SALE NETS \$43.00**

The ladies of the Anglican Parish Guild held a very successful sale of home cooking on Saturday last in the Kelowna Hardware Co.'s store. About \$43.00 was realized. Two hampers were won by Mrs. L. Kerry and Mrs. A. I. Dawson. The cake was won by Mr. Bill Whiteaway.

## YOUTH HOSTEL CHAIN NEARS COMPLETION

Expected a Complete Chain  
Will be Available Very Soon

Through the help of the Kelowna Junior Board of Trade, the Canadian Youth Hostel movement in the Okanagan Valley is well on its way and it is hoped that by the end of May a string of hostels, reaching from Kelowna to Kamloops will be ready for use.

The two latest additions are Vernon and Armstrong. In Vernon, Major and Mrs. Curwen, of Orchardleigh Lodge, have very kindly consented to allow hostellers to use two cabins that stand in the grounds of the Lodge.

The second hostel is located in Armstrong and the house parents are Mrs. L. F. Townsend and her daughter. To the hostellers this will be like home from home and they are assured of a real motherly welcome when they dismount from their bicycles or horses at the Townsend home.

Salmon Arm, Natch Hill and Chase are next on the list. In Salmon Arm, A. Bedford, that city, is on the lookout for a suitable site.

To the south of us the Summerland Board of Trade are busy looking out for a suitable spot for hostellers to rest after a day on the road and hope to show results in the very near future.

In Penticton a special committee is looking around that part of the country and if what they say of the Junior Chamber of Commerce in that town is correct, then the hosteller won't have to wait long.

Two Kelowna boys will soon be making use of the Okanagan C.Y.H. by taking a trip to Vancouver at the end of May, and seeing B.C. the way we would all like to see it, no rush, or fuss; just a good bicycle and a sleeping sheet plus one dollar a day expenses.

## CITY BUYS OWN BONDS

On Monday night the City Council approved of the purchase from A. E. Ames & Co., Vancouver, as a permanent fund investment, a percent debenture, Kelowna School Bldg., 1938, due on February 1st, 1949, of par value \$1,000. The price was 103 plus accumulated interest.

## BENVOLIN

The Mission Creek School track team returned from the Rural Schools Track Meet at Kelowna, on Friday, with the team of the day, although they were not able to retain the trophy for grand total points. They were not away to see it go to the Winfield team, however, for the latter has been a runner-up for it during the past two years.

Margaret Lanfranco succeeded in winning the girls' aggregate cup and the cup for the 75 yards dash for the second year in succession. Cups were also won by the 16 and under girls' relay, the 14 and under girls' relay and the 13 and under mixed relay teams. Adolf Morhart also received a cup for his broad jump. Other pupils who won points for their team were: Angelina Martin, who was second in the girls' 7 years; Joyce Bianco, first in the girls, 8 years and under, and third in the girls, 9 years and under; Wes-ley, first in the boys' 8 years and under; Susumu Naka, third in the boys' 9 years and under; Ronnie Holland, first in the boys' 10 years and under.

The boys' relay teams were made up from Ernest Bianco, Tomodo Naka and Albert Bianco.

The girls' relay teams were made up from Margaret Lanfranco, Rene Culos, Hazel Barard, Phyllis Holland and Glennys Gillard.

Points for the field events were won by Adolf Morhart, who won the broad jump for 14 years and under; Tomodo Naka, third in the boys' 12 years and under high jump, and Margaret Lanfranco, who made the best broad jump for girls 14 and under.

The members of the team looked very spruce in their new red and blue caps, with monograms and braided braces which the children had made for themselves. They were very pleased to find that they had tied with Winfield for first place for the best turned out team.

Mr. and Mrs. Frank Snowsall and family, Ann and Allen, of Armstrong, visited at the home of Mrs. Snowsall's parents, Mr. and Mrs. A. Reid, on Saturday.

Mr. and Mrs. W. H. Reid spent Sunday at the home of the latter's parents in Naramata. They drove over the Chute Lake road and had a most enjoyable trip.

Mr. and Mrs. N. P. Casorso entertained at the dinner hour on Sunday, May 11, Dr. and Mrs. Matherson and family, Edith and Arthur.

Private Ernest Casorso, of the Canadian Scottish Regiment, returned to his unit on Tuesday, May 20, after spending a four day leave at the home of Mrs. M. E. Casorso.

Mrs. A. E. Davis travelled to Vernon by bus on Sunday to spend the day with her husband, Reg. Q.M. Sgt. A. E. Davis.

Mrs. N. P. Casorso entertained a number of her friends at tea on Friday, May 16.

Miss K. Murray, of Kamloops, returned home on Sunday to spend a ten-day holiday with her mother, Mrs. M. E. Murray, of this district.

A number of the young people of this district spent an enjoyable evening on Friday, May 16th, at the final dance which was held in the Rutland Community Hall.

**SUBDIVISION APPROVED**

The proposed subdivision of Lot 12, R.P. 578, corner of Borden Avenue and Bowes Street, was approved on Monday by the City Council.

## TWO MEETINGS HELD BY W.I. OF INTERIOR

Gatherings at Armstrong and Keremeos Hear Spendid Reports of War Work Accomplished

Two Women's Institute conferences were held in the interior last week, the South Okanagan and Similkameen conference at Keremeos, on May 15, and the North Okanagan and Salmon Arm conference at Armstrong, on May 17. Mrs. H. McGregor, President of the Federated Women's Institutes of Canada, Mrs. B. F. Gummow, Corresponding Secretary of the Federated Women's Institutes and Provincial President, and Mrs. V. B. Robinson, Provincial Secretary-Treasurer, attended both conferences. Mrs. V. S. McLachlan, Superintendent of Women's Institutes for B.C., was also present.

The Keremeos conference was held in the Victory Hall, which was attractively decorated in the Institute colors, green, white and gold, while spring flowers in these same colors were arranged on the large stage. Tables for luncheon were set in front of the stage, and Keremeos added a new note to these Valley conferences by serving lunch to the delegates as well as afternoon tea and a morning cup upon arrival.

The reports as read from the delegates of the various Institutes showed a splendid contribution to the war effort, with quilts made, the food conservation, home help, and the Overseas fund aided by financial contributions. The local Institutes reported adding various local projects. The most substantial contribution financially was shown by Salmon Arm, which, with 23 members, raised \$400 in the year.

Oliver, Westbank and Vernon showed outstanding support of the food conservation project with their generous gifts of canned fruit and vegetables for overseas distribution. The Women's Institute Overseas fund totalled \$780 when collections made at each conference were announced by the Secretary-Treasurer, Mrs. V. B. Robinson. Mrs. Robinson spoke on agricultural problems from the point of view of the Women's Institute member, while Mrs. Gummow told of the various phases of war work of the Institutes. High praise for the quilts made and sent to England to be distributed by the Acting Agent-General, W. A. McAdam, at B.C. House, had been received, while the food conservation effort had resulted in tons of jam being sent overseas, the too-thin jam being used for provincial welfare work. The B.C. product showed less percentage of spoilage than the Ontario canned fruit, and this province was praised for this at the Eastern convention of the Red Cross Committee. The provincial work was carried on by a joint committee of the Red Cross and Women's Institutes, with Mrs. J. Price, V.C. President of the Women's Institutes, as chairman.

Mrs. McLachlan spoke of the different phases of the work, referring to various issues as the reports were read. She asked many questions regarding the possibility of wool being obtained for quilt filling.

The Armstrong gathering added interest by visits to the Pea Growers' Association, the Armstrong cheese factory and the Island Flour Mills, where delegates were able to see how these products are treated and developed.

A banquet at Armstrong finished the conference, with Mrs. H. McGregor and Dr. K. C. MacDonald, Minister of Agriculture, as guest speakers. The toast to the Women's Institutes was given by M. S. Middleton, District Horticulturist of Vernon, and was replied to by Mrs. Gummow.

Mrs. McGregor spoke of the broader field of Women's Institute work in the national sphere, while Dr. MacDonald spoke of agricultural problems in the movement.

Mrs. H. McGregor, of Knutsford, District President of the North Okanagan and Salmon Arm Districts, was re-elected to office, and the two officers of the South Okanagan and Similkameen Districts, Mrs. E. McGuffie, President, and Mrs. G. M. Clarke, Secretary, both of Keremeos, were also re-elected by acclamation. The location of the next northern conference will be Langford and the southern conference will be held at Rutland.

An interesting display of handicrafts was shown at each convention by Mrs. M. A. Barber, of the Craft House, at Hope, B.C. There is a great demand for handicrafts of all kinds at the Craft House, Mrs. Barber stated, and these are sold for women who send in their work. There is a great demand for hit-and-miss rugs, one woman having sent her boy through University by disposing of her hooked rugs through Craft House, while she is now preparing to do the same for her daughter. Mrs. Barber invited all motorists to stop and visit the Craft House when travelling through Hope.

At both conferences, resolutions were passed asking for free transportation of soldiers on official leave, and for greater restrictions on the importation of American fruit.

**More About**

## 2 CANADA AT WAR

From Page 1, Column 1

for the changes in purchasing power of the dollar at sterling would result in a "corrected" exchange rate of 10 for the pound. On this basis, the Briton would be paying \$136.24 in taxes, or about \$10 per capita less than the average Canadian. At \$4.10 to the pound, the per capita tax burden in the two countries would be exactly equal.

You can take whatever value you like for the pound sterling in arriving at these estimates and get a correspondingly favorable picture of the amount of taxes the Canadian pays.

One thing is certain: whether the Englishman pays more or less, he hasn't got much of an edge over his Canadian comrade in arms.

## LETTERS TO THE EDITOR

### THIS WAR

Kelowna, May 20th, 1941.  
Dear Sir,  
Kelowna Courier:

In this war we undertook a theoretically impossible job, but our chances have improved, and I think we shall probably win in the end. Yet winning or losing is, after all, a secondary matter. We had come to the parting of the ways. On one hand lay security—of an indecent kind; on the other, a seemingly hopeless fight. We chose the latter in order to save our souls.

Perhaps our bodies also can be saved. We may hope for that, but have no right to expect it. Yours faithfully,

E. R. ELLIS-TUCKER.

Let every man strive to add a good name to his other capital.

## CITY GRANTS TRADE LICENCES

Eight Licences Granted While One is Deferred

A peddler's trade licence was granted by the City Council on Monday night to Beauticians Ltd., licence fee being \$50.00.

A licence for soliciting subscriptions to magazines was granted to Central Reader Service, Toronto, on the payment of \$5.00 licence fee. A licence for a rooming house was granted to Jessie McKean who will operate at 189 Park Avenue.

A rooming house licence was also granted Mrs. H. A. Willis, operating "Hollywood." Another rooming house licence was granted Ellen McKinley.

Marie B. Blake and Mildred E. Cowan, operating "Dorothy," were granted trade licences for hairdressing and beauty culture.

The application of R. Yurdschat for a licence to operate as a building contractor was referred to a committee for investigation.
